

## **Assessment Subcommittee Update**

### **Top Three concerns**

1. Collecting data for annual reporting
2. Working with other committees about the role of assessment, e.g., audit, review
3. Providing methods to faculty for meaningful uses of assessment data

### **Needs and support required:**

We have already been in the process of annual reporting and discussing methods for making assessments meaningful and useful. The other issue being kept in the loop for the audit and review committee when assessment should be involved in recommendations
