**ITEM 1**

*The minutes of the last meeting April 8, 2013, were distributed to the committee via email and were accepted as written.*

**ITEM 2 Student Athlete Exit Interviews**

*Discussed summary of the Spring 2013 student athlete exit interviews conducted by the faculty members of the IAC. Provided copies of all interviews so members could review. Listed suggestions for next year in hopes of reaching out to all SA's and increasing participation.*

**ITEM 3 Tutor Survey: Results and Administrative Issues**

*The tutor surveys were distributed to the sports teams at the end of their spring team meetings in paper form to help increase response rates. Mike Sagas will share the results of the 2013 survey at the first fall meeting of the 2013-14 committee.*

**ITEM 4 Center Proposal**

*The latest version of the Center proposal was forwarded by the Provost to the Office of the General Counsel for review. The scope of the work to be completed by the Center had broadened from the original creation of this proposal. The Provost questions whether we could join a larger entity that collects this data? A consistent (vs our sporadic) collection of the data is imperative. We will work to solidify plans in the Fall.*

**ITEM 5 Website**

*The website is up and a suggestion to remove the Gator Zone/Ticket links was discussed to allow this website to focus on the academic activity of our student athletes UF experience. We envision this site to be a resource for faculty to find assistance for interacting with the student athletes and to highlight the academic success of these students. <http://iac.aa.ufl.edu/home.aspx>*

**ITEM 6 FAR Report**

*Mike Sagas asked for volunteers as discussed at the April meeting, to meet in the summer to review the released investigation into UNC's infractions. Al Wysocki, Mike Katovich and Ed Minchin-Faculty Reps; Keith Carodine-UAA Rep and Mike Sagas-FAR Rep, will look into the report and highlight any areas that perhaps the committee should look further into UF's procedures.*

**ITEM 7 Liaison Updates**

*Jeremy Foley thanked the entire committee for their time and effort through-out the year. He acknowledged Jane Pauly in her last meeting, as she will be leaving UF in the fall and Joe Delfino completed his second term on the IAC and will be retiring from UF. Unfortunately, our student athletes were unable to attend this meeting, but we appreciated their participation at the meetings as their schedule allowed. Keith Carodine acknowledged two SA's winning academic awards. Jamie McCloskey will have the audit and compliance material for committee review.*

*With no further business the meeting adjourned at 3:00 pm.*
