Info

Request: Aquatic Animal Medicine Certificate

Description of request:

I would like to propose a change to our Aquatic Animal Medicine Certificate (<https://aquatic.vetmed.ufl.edu/education/programs/aah-certificate/>).

Currently our certificate for 15 credits requires:

- Diseases of Warm Water Fish (VEM 5374, 3 cr)
- Sea Vet Clinical Training (VEM 5378, 3 cr)
- Topics in Aquatic Animal Health (VEM 5931, 1 cr)
- Choice of:
- Externship (VEM 5892, 2 cr) Or Individualized Investigation (VEM 5991, 2 cr)

The remaining credits are gained by choosing from different elective courses.

We would like to change this to remove the choice between Externship and Individualized Investigation. We would keep Externship as a core requirement and move Individualized Investigation to an elective choice.

The reason for the change is related to SACS accreditation of the certificate and the recognition that 'core required' does not allow room for choice.

Responses

Current Certificate Name Aquatic Animal Medicine

Effective Term Fall

Effective Year 2020

Requested Action Other (selecting this option will open additional form fields below)

Change Certificate Name? No

Change Certificate Name on Transcript? No

Current Transcript Name Aquatic Animal Medicine

Change Credit Hours? No

Change Certificate Description? No

Change Certificate Prerequisites? No

Change Certificate Requirements? Yes

Current Requirements Currently our certificate for 15 credits requires:

- Diseases of Warm Water Fish (VEM 5374, 3 cr)
- Sea Vet Clinical Training (VEM 5378, 3 cr)
- Topics in Aquatic Animal Health (VEM 5931, 1 cr)
- Choice of:
- Externship (VEM 5892, 2 cr) Or Individualized Investigation (VEM 5991, 2 cr)

The remaining credits are gained by choosing from different elective courses.

Proposed Requirements We would like to change this to remove the choice between Externship and Individualized Investigation. We would keep Externship as a core requirement and move Individualized Investigation to an elective choice.

Diseases of Warm Water Fish (VEM 5374, 3 cr)

- Sea Vet Clinical Training (VEM 5378, 3 cr)
- Topics in Aquatic Animal Health (VEM 5931, 1 cr)
- Choice of:
- Externship (VEM 5892, 2 cr)

The remaining credits are gained by choosing from different elective courses, which would now include Individualized Investigation (VEM 5991, 2 cr).

Impact on Program All of our students currently take externships, so there really will be minimal impacts on the students.

Rationale for Proposed Change(s) The reason for the change is related to SACS accreditation of the certificate and the recognition that 'core required' does not allow room for choice. It is more of a house keeping request.

Assessment Data Review There are no changes to the current listed SLOs for this certificate with this request.

Academic Assessment Plan Changes There are no changes to the assessment plan for this certificate with this request.
