

Proposal to Include Professional Colleges as Appointed University Curriculum Committee Members:

- Requesting committee approval to begin the process of updating the composition and total number of UCC members.
- OUA staff will research and develop new guidelines and recommend changes to the current Faculty Senate bylaws:

“ SBL 20 (A)(2)(b)(3), pp. 26-27

3. University Curriculum Committee. The President or the President’s designee shall appoint 12 voting members to this committee from the majority of baccalaureate degree-granting colleges within the University. The Senate shall elect twelve voting members from the faculty at large. Student Government shall select three non-voting members.”

Rationale:

- Representation and voice from all colleges that offer bachelor’s and professional degrees over which this committee has responsibility
- Ease burden on members in completing committee tasks
