Description of request	Previously, the faculty had approved to allow ECH 4714 Chemical Process Safety before ECH 4224L Fluid and Energy Transfer Lab/Unit Ops Lab 1 (when they were co-reqs), Statistics (STA 3032) was a pre-req of ECH 4714 (see request 14612) but not of the ECH 4224L. Statistics is not needed for ECH 4714, but it is needed for the ECH 4224L. Therefore, it is requested to add Statistics (STA 3032 or STA 2023) as a prerequisite for the ECH 4224L (STA 2032 is requested to be added as an alternative to STA 3032 in Request 14619). The minimum grade requirement for STA 2032 or STA 3032 is a D-. Some students have difficulty fitting ENC 3246 Professional Communication for Engineers before ECH 4224L and keeping it a pre-req may delay their graduation. The instructor (Dr. Mérida) covers technical report writing and does not feel the ENC 3246 course is needed before the Unit Ops lab.

Responses

Current Prefix

Enter the current three letter code (e.g., POS, ATR, ENC).

Response:
ECH

Course Level

Select the current one digit code preceding the course number that indicates the course level at which the course is taught (e.g., 1=freshman, 2=sophomore, etc.).

Response:
4

Number

Enter the current three digit code indicating the specific content of the course based on the SCNS taxonomy and course equivalency profiles.

Response:
224

Lab Code

Enter the current lab code. This code indicates whether the course is lecture only (None), lab only (L), or a combined lecture and lab (C).

Response:
L

Course Title

Enter the current title of the course as it appears in the Academic Catalog.

Response:

Fluid and Energy Transfer Operations Laboratory

Effective Term

Select the requested term that the course change(s) will first be implemented. Selecting "Earliest" will allow the change to be effective in the earliest term after SCNS approval. If a specific term and year are selected, this should reflect the department's expectations. Courses cannot be changed retroactively, and therefore the actual effective term cannot be prior to SCNS approval, which must be obtained prior to the first day of classes for the effective term. SCNS approval typically requires at least 6 weeks after approval of the course change at UF.

Response:
Earliest Available

Effective Year

Select the requested year that the course change will first be implemented. See preceding item for further information.

Response:
Earliest Available

Requested Action

Indicate whether the change is for termination of the course or any other change. If the latter is selected, all of the following items must be completed for any requested change.

Rationale

Please explain the rationale for the requested change.

Response:
Previously, the faculty had approved to allow ECH 4714 Chemical Process Safety before ECH 4224L Fluid and Energy Transfer Lab/Unit Ops Lab 1 (when they were co-reqs), Statistics (STA 3032) was a pre-req of ECH 4714 (see request 14612) but not of the ECH 4224L. Statistics is not needed for ECH 4714, but it is needed for the ECH 4224L. Therefore, it is requested to add Statistics (STA 3032 or STA 2023) as a prerequisite for the ECH 4224L (STA 2032 is requested to be added as an alternative to STA 3032 in Request 14619). The minimum grade requirement for STA 2032 or STA 3032 is a D-. Some students have difficulty fitting ENC 3246 Professional Communication for Engineers before ECH 4224L and keeping it a pre-req may delay their graduation. The instructor (Dr. Mérida) covers technical report writing and does not feel the ENC 3246 course is needed before the Unit Ops lab.
