**Rationale** A modification of this course from 3 credits to 4 credits was already approved effective spring 2023 as part of a major curriculum change effective with the 2020 catalog. As part of the curriculum change STA3032 was removed as a requirement. STA3032 was inadvertently included as a prereq for this course when the change in credits was submitted. STA3032 needs to be removed as a prereq since it is not part of the new curriculum.
