Form version: 2

Responses

Current Prefix ENV

Course Level 4

Number 601

Lab Code None

Course Title Environmental Resource Management

Effective Term Fall

Effective Year 2023

Requested Action Other (selecting this option opens additional form fields below)

Change Course Prefix? No

Change Course Level? No

Change Course Number? No

Change Lab Code? No

Change Course Title? No

Change Transcript Title? No

Change Credit Hours? No

Change Variable Credit? No

Change S/U Only? No

Change Contact Type? No

Change Rotating Topic Designation? No

Change Repeatable Credit? No

Change Course Description? No

Change Prerequisites? Yes

Current Prerequisites ENV3040C

Proposed Prerequisites ENV3001

Change Co-requisites? No

Rationale The current prereq is a legacy prereq that has been in the catalog for many years but no longer reflects the course content. The course was previously taught by a faculty member who is long since retired, and it is likely a prereq requirement that he instituted. The current course content requires calculations that can be done using a spreadsheet. The proposed prereq will provide students with the initial background in environmental engineering they need for this course.
