**Rationale** The main audience for this course is students from the College of Communications fulfilling an elective from the quantitative track (to replace the foreign language requirement). Given the advancement of technology within the discipline, the content of the course is no longer providing educational value to that audience. The course material is redundant to the knowledge and skills learned within the coursework of the majors for that college.
Understood Joel, and thanks for letting me know. It has been a popular course in our quantitative option but with changing tech and savvier students I can see why you would discontinue

Best

Mike

Good afternoon Mike,

I hope you had a great break and things are not too crazy yet for you. I wanted to let you know that we are planning to discontinue offering ALS 3203 – PC Use in Agriculture after spring semester 2019. I’m hopeful that this does not negatively impact your students since it appears they have many options to choose from to fulfill their requirement (see below). Please contact me should you feel this may be a hardship for any of your students.

Kind regards,
Joel

Joel H. Brendemuhl, Ph.D.

**Foreign Language Proficiency or Quantitative Option**

This requirement is satisfied by demonstrating proficiency or completing college-level credits in a single foreign language. Students who elect the foreign language option may meet the requirement by successfully completing the second or third beginning-level course in one foreign language. Or, students can complete two college semesters of American Sign Language. This is *not* a credit requirement, but a *proficiency* requirement, and it is satisfied by earning a minimum grade of C or S. Students who previously have studied French, German, Latin or Spanish must take the SAT II placement exam for the appropriate language (unless the student has AP or IB
scores for that subject). The exam places the student into the correct course in the sequence or out of the requirement. Students do not receive college credit for SAT II. Refer to the undergraduate catalog for information about SAT II exam scores: https://catalog.ufl.edu/ugrad/current/advising/info/SAT-subject-test-placement.aspx.

**CLEP**

**More Info**

Students may also take the corresponding CLEP test for foreign language. From the university catalog: "Students beginning in the fall or spring term must have taken the exams... and have their scores reported to the university before the end of their first term of enrollment at UF."

For other languages not listed above, students should consult an advisor to discuss acceptable options for demonstrating proficiency. Students who wish to demonstrate proficiency must do so before earning 90 credits.

**To meet the quantitative option, take any three of the following courses:**

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACG 2021</td>
<td>Introduction to Financial Accounting</td>
<td>4</td>
</tr>
<tr>
