Change Course Description? No

Change Prerequisites? Yes
Current Prerequisites  ECD or 3EMR classification
Proposed Prerequisites  Formal admission to the upper division Unified Elementary ProTeach program.
Change Co-requisites? No

Rationale  The course is a required course in the elementary education bachelor’s degree program. Program faculty have changed the program sequence to provide better preparation for the undergraduate students. The students are organized into cohorts who progress through the program in a prescribed order, determined by program faculty. In this request we are removing the original prerequisite. The only prerequisite being related to program status: students taking this course must have been approved for admission to the Elementary Education degree program.
