Subject: Additional Background for our conversation about the University of California's Cancellation of Elsevier
Attachments: UF Elsevier Post Termination Access Rights.xlsx

According to the analysis performed by the staff of the Libraries, the total number of titles on the UC spreadsheet if all tabs are added together is 1901 and the UF total comes out at 1904 (presumably, the difference of 3 additional titles in our spreadsheet can be explained by takeover titles or differences in how the bundling was represented).

For UF, the hard numbers would end up as 902 post termination titles still accessible through the time of cancellation and 1002 with no post termination access rights. The specific titles are listed in the attached spreadsheet.
