Response:
A new PG3 replaces previous PG3 and PG4

The new PG3 focuses on diversity, which has been an important aspect of the program, but was never properly assessed.

The previous PG3 on Employment Opportunities and PG4 International Aspects were eliminated as priorities changed and reliable data for measurement could not be obtained.

The request is to have these changes take effect in the current 2016-17 academic year. Data on the new PG3 is continuously collected.
