Briefly describe the revision(s) including the revised language and provide the rationale/justification for the revision. Templates are available for the curriculum map, assessment timeline, and assessment cycle on the [Institutional Assessment website](#).

This requested revision is in regards to updating the requirements each student must meet prior to graduating. We are updating the following requirements as they do not adequately represent our requirements:

- Demonstrate competence (minimum final grade of C based on grading rubric) in SPM 4154, SPM 4515 and SPM 4723 core courses.

- Critically demonstrate mastery of critical skills needed in planning and delivery of tourism, recreation and sport management programs as assessed by the internship supervisor using a select core of questions in the final internship evaluation. Each student must achieve a minimal score of 21.

We are updating the abovementioned requirements to this:

- Practically demonstrate an understanding of the critical skills needed in the planning and delivery of sport management programs, as well as successfully completing an internship experience, as assessed by the site supervisor and internship coordinator.

These changes are being requested so as to succinctly inform our undergraduates of the requirements they must meet in order to graduate from the sport management program.

If revising an **Academic Assessment Plan**, please attach the revised plan using the appropriate template found on the [Institutional Assessment Website](#).
