Major: SLA Sustainability Studies

College: CLAS

Effective term and year revisions will take place: Term: Fall Year: 2012

Revisions requested in: (select all that apply)

☒ Student Learning Outcomes (SLO) ☒ Assessment of SLOs ☐ Update ALC

Briefly describe the revision and include the revised language:

The SLOs have not actually been changed. But for some reason another program's SLOs were substituted for ours in the official document. So Tim asked me to submit a revision form. However, the assessments have been changed based on process of doing AAP

Rationale/Justification for the revision:

The revision more adequately reflects how assessments actually take place in the major (the major is new, starting only in August 2011)

If SLO is checked, please complete the following:

What type of assessment is used?

| <input type="checkbox"/> Course Assessments/Assignments   | <input type="checkbox"/> Standardized Exam |

Describe the individual student assessments that will be used to measure the revised SLO:

If Assessment is checked, please complete the following:

What assessment method is used?

Which SLO(s) does this new assessment measure?

The Facets of Sustainability Gateway course now assesses all four SLOs rather than only 1, 2 and 3.

The Cluster courses now do not assess any SLOs

The Capstone Course now assesses all four SLOs rather than only 3 and 4.

How is this new assessment method used to address the SLO(s)?

In the Facets of Sustainability course, the assessment of SLO 4 is carried out by the faculty member in evaluating written papers and oral presentations.

In the Capstone course the assessment of SLOs 1 and 2 is carried out by the faculty member, and the internship supervisor

If both SLO and Assessment are checked, describe how the assessment method(s) relate to the SLO(s)?

I am not filling this in because the SLOs are not really new

**Please attach both the current ALC and the new, revised version.**
