Description of request	Please review the change to SLO 1 Assessment Method and accompanying language in in the Detail regarding this change in assessment method for SLO 1 Knowledge. As per SACSCOC recommendation to not use national licensing exam scores as a measure of attainment of student learning outcomes, we eliminated the use of the NAVLE and instead will use criterion-referenced course-embedded assessments.

Academic Assessment Committee	Comment	PV - Academic Assessment Committee	Brophy, Timothy S	This will be reviewed by the Academic Assessment Committee at its September 12, 2017 meeting. I recommend that you ask the faculty to identify the specific assessments to be used as I anticipate the AAC will want this information.	8/25/2017
