

SLO-AAP|Modify for request 11540

Info

Request: AAP/SLO grad/Pro

Description of request: The changes we are proposing will assist us to have a better assessment of our residents' outcomes, better alignment with our mission and the national accreditation standards. This will facilitate identification of curriculum deficiencies and necessary changes for improvement.

Submitter: Pileggi,Roberta rpileggi@dental.ufl.edu

Response:
Assessment Timeline
Methods and Procedures

Measurement Tools

Description and Rationale

Briefly describe the modification(s), including the revised language, and provide the rationale/justification for the revision. Templates are available for the curriculum map, assessment timeline, and assessment cycle on the [Institutional Assessment website](#).

Response:

The modifications were done to decrease redundancy and more effectively measure the outcomes to better identify deficiencies in our advanced educational programs. We had decreased three program goals to one to better align with our mission and the national accreditation standards. We also revised our SLOs for better alignment with the new program goal and for better assessment of our learning objectives throughout the curriculum and advanced educational programs.
