

Academic Learning Compact - Management

The management major provides you with computing, quantitative and application skills to be used in a business problem-solving setting. You will learn a set of focused management, communication and critical thinking skills that will enable you to be an effective decision maker.

Additional information is available from your major's website.

Before Graduating You Must

- Take the Educational Testing Service's Business Field Test. The score for this test will be incorporated into MAN 4504 taken in the final term.
- Complete requirements for the baccalaureate degree, as determined by faculty.
