Academic Assessment Committee	Recycled	PV - Academic Assessment Committee	Timothy Brophy	<p>The Academic Assessment Committee recycled this at its May 9 meeting. The following concerns were raised.</p> <p>1. It appears that the courses for the certificate have not been approved. Please resubmit when the courses are approved.</p> <p>2. The scale for the rubric was a point of discussion. The committee had no problem with 90-100% as being completely/correctly addressed, but the scale of 1-90% as partially addressed was questioned. First, the two ranges overlap - 90% exists in both ranges. Second, it's not clear how the range of 1-90% will discriminate meaningfully among levels of student performance; also this wide range calls into question the value of the "non/incompletely addressed" level, which will be at 0% only.</p> <p>Please revise this once the courses are approved and the rubric is revised to clarify the distinct levels of performance on the rubric provided. The committee will resume its meetings on September 12, 2017.</p>	5/9/2017
