Certificate in Personalized Medicine

Info

Process	AAPs/SLO New/Change Ugrad/Grad/Pro
Status	Pending at PV - Academic Assessment Committee
Submitter	Karen Whalen whalen@cop.ufl.edu
Created	11/1/2018 5:14:34 PM
Updated	11/6/2018 9:14:44 AM
Description of request	The Certificate in Personalized Medicine is designed to prepare students to use pharmacogenomic and genomic data in their future clinical practice. Students will gain a general genomic and molecular biology background, as well as valuable experience applying genomic data to patient scenarios and an understanding of practical issues affecting implementation of genomic medicine, including clinical laboratory testing, informatics, and ethical, legal and social issues. This submission provides a summary of the Academic Assessment Plan for the Certificate in Personalized Medicine.
