Academic Assessment Plan for M.Ed. in Early Childhood Education

College of Education

A. Mission

The University of Florida seeks to strengthen the human condition and improve the quality of life for the citizens of Florida, the nation, and the world by pursuing new knowledge and its dissemination while building upon the rich experiences of the past. The University values quality and inclusive public education, leading-edge research, and meaningful outreach and public service as ways to distinguish itself among the finest public universities in the nation. The University of Florida must create the broadly diverse environment necessary to foster multi-cultural skills and perspectives in its teaching and research for its students to contribute and succeed in the world of the 21st century.

The Early Childhood studies program faculty recognize the importance of the three-fold mission of the University and actively seek to prepare early childhood educators who possess the competencies to provide for the education and care of a diverse group of children in inclusive early childhood programs. Specifically, the Unified Early Childhood Bachelor's degree considered in this report addresses the design and implementation of culturally sensitive inclusive early education program for young children (birth through age eight). Effective early childhood programs can alter the lives of children, families, and communities that result in academic, social, personal, and economic benefits. Highly qualified teachers play a critical role in ensuring the success of young children in early childhood programs.

B. Student Learning Outcomes and Assessment Measures

SLO Type	Student Learning Outcome	Assessment Method	Degree Delivery
Knowledge	Candidates completing the M.Ed. as part of the Unified Early Childhood Teacher Education Program will know and apply early childhood concepts, principles, and teaching theory.	Candidates will obtain a satisfactory score on the Prekindergarten-Primary Subject Area test of the Florida Teacher Certification Examination. Program faculty review the exam results by competency area.	Campus
Skills	Candidates will learn and apply effective planning and implementation of classroom-based assessment and instruction.	Candidates will satisfactorily complete the full time internship as indicated by a score no lower than a 3 on the Student Teaching Evaluation Form completed by the candidates' cooperating teachers and University supervisors.	Campus
Professional Behavior	Candidates will display ethical behavior and appropriate professional conduct & communication	Candidates will score no lower than a 3 on Part 2 (Accomplished) of the Student Teaching Evaluation Form as measured by the candidates' cooperating teacher and University Supervisor.	Campus
Professional Behavior	Candidates will know and apply cultural sensitivity and teamwork	Candidates will participate in the end-of-semester reflection meetings and submit written metacognitive letters. The faculty advisor facilitating the reflection meeting will document attendance and participation.	Campus

C. Research

The M.Ed. in Early Childhood Education is not a research degree. Research activities include reading and interpreting research in early childhood education in order to understand contemporary research, trends, and issues in early childhood.

F. Measurement Tools

1. Knowledge Assessment: Students must take and pass appropriate sections of the Florida Teacher Certification Examination during the spring of the graduate year. The Prekindergarten-Primary subject area test includes knowledge of: child growth and development; foundations of early childhood education; research, standards, and trends; effective practices; strategies for family and community involvement; developmentally appropriate curricula; diverse needs of all children and their families; diagnosis, assessment, and evaluation; child guidance and classroom management; and content and instruction for literacy instruction, math, science, and social studies.
2. Skills Assessment: Students complete the full time internship and are rated on the Student Teacher Evaluation Form (Appendix 1) completed by the UF Supervisor and the Cooperating Teacher. The Student Teacher Evaluation includes the Florida Department of Education's Educator Accomplished Practices.
3. Professional Behavior Assessment: Professional behavior is assessed through Part 2 of the Student Teacher Evaluation Form.
4. Professional Behavior Assessment: Professional behavior is also assessed during the Fall and Spring End-of-Semester meetings. Student's submit a written metacognitive letter responding to items such as:
 - a. What readings or assignments helped you understand how children THINK& LEARN? A synthesis of IN-CLASS DISCUSSIONS for the current semester:
 - b. What helped you expand your thinking (e.g., search for alternative explanations)?
 - c. What field experiences helped you consider how the classroom/school/teacher context effects learning for young children.
 - d. Using specific evidence describe how you have had an impact on a child's learning and/or developmental outcomes? What did you learn from this experience?
