

Faculty IT Subcommittee

April 21, 2014

Tigert 226, 9:30 a.m.

Attendees

Tawnya Means, Elias Eldayrie, Fedro Zazueta, Ray Issa, Sue Alvers, and Trevor Bopp

Call to Order

Due to a last minute conflict for Frank Bova, Tawnya Means called the meeting to order at 9:40 a.m.

The committee discussed the latest results from the IT survey that was sent to the colleges. As of today, 500 faculty have responded. The survey is still open. It was decided that the colleges that had the lowest response rates should be targeted asking for more participation. Also, deans should be encouraged to communicate with their faculty about participating in the survey

Tawny will download the current data and forward to Fedro for more analysis. Elias suggested that this should be an annual survey. This is great information for the IT department on how to better serve faculty.

The meeting adjourned at 10:15 a.m.
