Faculty IT Subcommittee Meeting
November 2, 2015 2 p.m.
Tigert 226

Attendees: Sue Alvers, Frank Bova, Mike Dark, Mark McCallister, Jack Stenner, Chris Easley, Fedro Zazueta, Rafa Munoz-Carpena, Randell Doty, Ann Allen, Kevin McHugh, Trevor Bopp and Tawnya Means.

- The meeting was called to order at 2:00p.m. by Frank Bova, Chair.   He noted to the committee that he reviewed the survey from last year and noted that the issues form last year are no longer a concern.
  - What areas should the committee focus on?
  - Do we need to make sure everyone has minimum capability?
- Fedro Zazueta reviewed the outline of Goals from the IT Strategic Plan that he distributed to the committee earlier.
  - Create a Technology Supported Ecosystem (content, delivery, analytics)
    - UF is one of four founding members of Unison Consortium
  - Transform Learning Spaces
    - Pedagogies are changing
  - Mobilize teaching and Learning Services
    - Provide virtual labs (UFapps)
  - Offer services for rich media production
    - Requires infrastructure and staff for production capacity increases
  - Provide multiple technology training channels
    - Important to change people's security behavior
    - Faculty development programs
    - Have hired a person dedicated to the awareness, training and education program
  - Engage leading institutions
  - Support and encourage innovation and continuous improvement.
    - IT has been working on baselines the past year to see how we are making progress
- IT is having a hard time getting information out to campus about accomplishments and services available.
  - Committee decided to ask their colleagues for feedback.
  - Important to touch base with the faculty
  - Send out a brief document
  - Visit college assemblies
- New website will soon be rolled out.

Meeting adjourned at 3:06 p.m.
