1. Creed Greer addressed the Council suggesting reconsideration of group writing counting towards Gordon Rule Writing credit. Collaborative writing is acknowledged as beneficial and the Council members were asked to be ready to vote next meeting.
2. The Council needs to go through the courses currently credited for incoming students through AP and IB testing and send to the Curriculum Committee to review.
3. Courses for Review: The Council needs to make a determination as to the revised “International” General Education category description. Concerns that with the current description none of our international courses would be approved.
