### **Review and Approval of the minutes from August 27, 2015 meeting**

Approved minutes will be published on the IAC website.

### **Introduction of guest**

Ms. Amy Perko, Executive Director from Knight Commission on Intercollegiate Athletics gave a presentation of what the Knight Commission is about and how they work for colleges and athletes

**Graduation Success Rates**

Graduation Success Rate Report with 2005-2008 Cohorts was distributed. We pay attention to how we compare to the FED rate. When reporting to the Faculty Senate we benchmark against our peer institutions. Sports with small rosters, I. e. tennis, are subject to major variations in the composite number due to individual results.

**12- Day Rule**

It has been published on the Registrar's website. It hadn't been vetted which caused confusion for both students and faculty. The goal is to reconsider and restate the policy and make sure it is known and understood by all.

**Tutor Survey**

This was conducted in March and results were distributed to the group. Student feedback was positive and the one(1) negative comment on tutor preparation will be followed up.

**Predictive Index Update**

This is being refitted with the 2009 cohort with a 2.0 GPA cutoff. AP credits and IB credits are getting added. Graduation probability was also reviewed in the preliminary model – and we used actual student profiles. The variables are still being reviewed, waiting on data. Transfer students need more clarification. There are no international students in the current data. This is an item we want on the dashboard.

**Dashboard Development**

Donna Johnson demonstrated the dashboard with basic demographics and drilled down to specific sports as well as classes, instructors and students. This is still an ongoing effort working collaboratively with UFIT and Registrar.

**FAR Report**

Nothing to report

**Liaison and Administrative updates**

An audit/review of tutors was done...data is being gathered and will share the report soon.

**Student updates****Other Business**

Jeremy reminded the committee that we should think of more ways to educate the athletes on compliance. He also gave an update on the O'Connell Center renovations.
