Request: Proposal to Offer the Accounting Minor in UF Online

Submitter: Laibson, John john.laibson@warrington.ufl.edu

Created: 11/2/2015 9:27:32 AM

Form version: 1

Responses

Name: Accounting Minor

Major or Minor Code : ATG

Effective Term: Fall

Effective Year : 2017

Differences from Residential Program : None. The requirements are identical to the existing residential minor.

Pedagogical Rationale/Justification: To provide a broader range of academic options to UF Online students.

Impact on Existing Residential and Online Programs: All courses required for the minor are taught by the Fisher School of Accounting. Two of the six courses are already being taught in UF Online. Prerequisites for some of these courses include

ISM 3013 Introduction to Information Systems

FIN 3403 Business Finance

QMB 3250 Statistics for Business Decisions

MAC 2234 Survey of Calculus 2

ISM 3013, FIN 3403 and QMB 3250 are already being taught as part of the UF Online BSBA, as is MAC 2233 Survey of Calculus 1. We have confirmation from the Department of Mathematics that they will have MAC 2234 available in UF Online by Fall 2016 (for the Accounting minor as well as the proposed UF Online Finance major).

Offering the Accounting minor in UF Online should have no impact on any existing residential undergraduate programs. There could be a slight positive impact on enrollment in the residential Master of Accounting (MAcc) program, as any student who completes the Accounting minor (residential or online), will be eligible to apply and be considered for the MAcc. The ability of online business students to minor in accounting could help attract prospective online business students to UF versus other schools.
