**Change Co-requisites?** No

**Rationale** The Department of Economics would like to accept MAC 2233 or any higher level calculus course as meeting the calculus prerequisite for ECP 4451. The Department has always been willing to accept higher level calculus courses as meeting the MAC 2233 prerequisite for this course. With the UF COMPASS project underway, and associated migration of registration requirements taking place, the Department felt it necessary to formalize this "exception."
