Rationale for Request The Board of Governors approved the creation of a new BA in Foreign Languages and Literatures (FLL) in January 2016. The new FLL degree will replace the foreign language majors currently housed in the Dept. of Languages, Literatures, and Cultures (LLC). The new FLL degree acts as an umbrella degree for several language-specific tracks, including Chinese and Japanese. It is necessary to close the old East Asian Languages and Literatures major so as to avoid confusion for incoming students.

Impacts on Other Programs This closure will not impact any other programs or departments since the old degree will be replaced by the new FLL degree. The new degree will offer courses consistent with those that have been offered in the past.

Steps Taken to Inform Students and Faculty Students and faculty have been advised of the intent to replace the major in formal meetings, advising sessions, and through written communication.

Teach-Out Plan Students in the existing major will be able to complete their degree without any complications because the required courses will continue to be offered under the new major.

Accommodation of Faculty Faculty currently active in the major will not be affected by this change since the new major will require the same degree of participation.
