Description of request	The Hebrew minor (LLC) currently allows students to select 9 credits of electives freely from a selection of courses offered by LLC and by some other departments. We would like to reconfigure the electives section of the minor, requiring that students select among their electives at least two HBR/HBT/HMW prefix courses. This change would ensure that Hebrew minors graduate with a more rigorous and profound knowledge of Hebrew culture.

## Responses

**Name** Hebrew

**Code** HBR

**Effective Term** Earliest Available

**Effective Year** Earliest Available

**Proposed Changes** The Hebrew minor currently allows students to select their 9 credits of electives freely from a selection of courses offered by LLC and by other departments. We would like to reconfigure the electives section of the minor, requiring that students select among their electives at least two 3000/4000 level courses offered by LLC's Hebrew specialization (HBR/HBT/HMW prefix courses).

**Pedagogical Rationale/Justification** This change is intended to ensure that Hebrew minors graduate with a more rigorous and profound knowledge of Hebrew language and culture. Specifically, we would like to guarantee that students minoring in Hebrew benefit from a more intensive engagement with Israel's literary and more broadly artistic and mediatic culture in addition to a knowledge of the socio-political realities of a life lived in Hebrew.

**Impact on Other Programs** There will be no impact on other programs.

The non-LLC electives listed in the documentation have been accepted toward the Hebrew minor in the past and, even if this were not the case, the numbers of students concerned would not be significant enough to constitute an impact of any sort.
