Maintain log of residency activities

Maintain a reflective journal related to residency activities and attainment of DNP competencies.

Ongoing self-evaluation related to accomplishing the DNP essentials.

## CLINICAL EVALUATION

Achievement of individualized learning activities.

Clinical experience will be evaluated through, verbal communication with the student, written logs and reflections, and agency supervisor reports using a individualized College of Nursing Residency Evaluation Form. Faculty members reserve the right to alter residency experiences, including removal from client care areas, of any student, to maintain patient safety and to provide instructional experiences to support student learning.
