BA in Art Education

Info

Process	Degree Suspend/Reactivate Ugrad/Pro
Status	Pending at PV - University Curriculum Committee (UCC)
Submitter	Elizabeth Caple dcaple@ufl.edu
Created	4/13/2018 11:21:54 AM
Updated	10/1/2018 11:09:16 AM
Description of request	In light of continued low enrollment in the BA (eligibility for FL teaching licensure), we have moved to a certificate in Art Education (eligibility for FL teaching licensure) that can be achieved along with other programs. To effectively promote growth in the certificate, we would like to suspend BA enrollment to analyze the impact before removing it totally.

Board of Governors, State University System of Florida
Temporary Suspension of New Enrollments in An Academic Program
In Accordance with BOG Regulation 8.012

UNIVERSITY: University of Florida

PROGRAM NAME: Art Education

DEGREE LEVEL(S): (B, M, S, PhD, etc.) BA

Does the temporary suspension of new enrollments impact the entire CIP code or just a major? *

If **YES**, CIP code: _____

If **NO**:

CIP code: 13.1302

Name of major/track within the degree program: BAAEd

Effective term for temporary suspension: FALL 2019
(First term when no new students will be accepted into the program)

Effective term for anticipated reactivation: UNKNOWN
(First term when new students will be accepted into the program, if known)

Please use this form to notify the Board of Governors, State University System of Florida that new enrollments in an academic degree program or major/track have been temporarily suspended. This notification will initiate any necessary changes to articulation manuals and online search tools and ensure accurate data tracking and analysis. Please note that new enrollments in an academic program can be temporarily suspended for up to nine (9) consecutive terms, including summer. At the end of the 9th term the university shall notify the Board of Governors of the desired course of action (reactivation of new enrollments in the program or program termination). For more details please review Board of Governors' regulation 8.012 Academic Program Termination and Temporary Suspension of New Enrollments at www.flbog.edu.

- 1. Provide a short rationale for temporarily suspending new enrollments in the program.**

In light of continued low enrollment in the BA (eligibility for FL teaching licensure), we have moved to a certificate in Art Education (eligibility for FL teaching licensure) that can be achieved along with other programs. To effectively promote growth in the certificate, we would like to suspend BA enrollment to analyze the impact before removing it totally.

2. State what steps have been taken to inform native and, in the case of baccalaureate programs, transfer students from the Florida College System of the intent to temporarily suspend new enrollments in the program?

Students currently pursuing the BA will be able to complete that degree, or work with our advisor to change to a different degree program and pursue the certificate as the certificate contains the essential elements of the degree.

Our admissions and advising office will advise current, incoming, and prospective students of the new Certificate in Art Education option and of the possible suspension of the degree program. Once suspension has occurred, we will update our central communications (Website, etc.).

** NOTE: When the temporary suspension of new enrollments impacts the entire CIP code, the institution is temporarily suspending new student enrollments in the entire program and all of its majors/tracks. In this case the **"YES, CIP code" option** should be selected. The program is then flagged in the State University Data System (SUDS) and new enrollments cannot be reported. When the temporary suspension of new enrollments impacts only one major/track, the CIP code is retained and new students can continue to enroll and be reported in SUDS for the majors/tracks that are not suspended for new enrollments. Therefore, the **"NO" option** should be selected. For example, university A is offering a Bachelor in Computer Science (11.0101) with two majors: a Bachelor of Arts (BA) in Computer Science*

and a Bachelor of Science (BS) in Computer Science. When an institution intends to temporarily suspend new student enrollments in the entire program then the "YES, CIP code" option should be selected and no new students can be enrolled in either the BA or the BS majors. Alternatively, when an institution intends to temporarily suspend enrollments in only one major, e.g. the BA, then the program is not suspended and the institution continues to enroll new students in the BS major. When the latter happens, the CIP code is retained and the "NO" option should be selected and the CIP code and name of the major suspended for new enrollments should be provided.
