- Does this modification of currently approved common prerequisites involve adding another track to the currently approved prerequisites within the *Common Prerequisite Manual*?

No Yes _____

Maybe - depends upon Discipline Committee Recommendation _____

If yes or maybe above, please provide justification regarding the significant differences in your curriculum that would necessitate a new track with different common prerequisites:

2. If adding a common prerequisite course or course substitute, please provide the following information. You can find details about individual courses at the hyperlink to the Statewide Course Numbering System ([SCNS](#)). Type in the prefix and four digit number of the proposed course. The hyperlink leads to a page with two worksheets: statewide course detail and institutions. Clicking on the institutions page will identify the institutions offering the course. Be aware that there may be institutions besides Florida College System (FCS) and State University System (SUS) institutions listed.

Add rows as necessary.

Proposed Course	Title of Proposed Course	# FCS Currently Offering Course	# SUS Currently Offering Course	Justification for the addition or deletion
ACGX071	Managerial Accounting I	28	10 (plus FIU offers ACG 3301, an acceptable substitution)	Change in degree requirements makes this course required for the BSAC degree and a prerequisite for upper-division major courses.

3. If your request includes course(s) that are offered currently at 3 or less FCS institutions, please provide a justification as to why these courses are critical for a student's success in your upper division.

4. If your request includes courses that are offered currently only at your institution, do you have the same amount of elective credit hour space in your

upper division so that the associate in arts transfer student is held harmless in excess hours and time?

- a. Yes _____ b. No _____
5. If your request includes courses that are offered only at your institution, are you willing and able to offer these courses online or during the summer so that transfer students may pick up the courses without delaying admission for the fall?
- a. Yes _____ b. No _____
6. Is the credit hour total for required work more than 24?
___X___No _____Yes

If yes, how do you anticipate students meeting general education requirement:

- a. _____ Course(s) are anticipated to be "core" general education;
- b. _____ Anticipate that institutions will have course(s) as part of their institution's general education program.
- c. _____ Other:

MEMORANDUM

TO: Angela Lindner, Chair, University Curriculum Committee

FROM: Gary McGill, Associate Dean and Director

SUBJECT: Update to the Common Prerequisite Manual for the Accounting Major

In 2011, the University Curriculum Committee approved changes to the degree requirements for the Bachelor of Science in Accounting. One of those changes included adding ACG 2071 to the curriculum, and to make completion of this course one of the critical tracking requirements. It has recently come to our attention that the Common Prerequisite Manual (CPM) was not updated to reflect the need for transfer students to take ACG 2071 prior to admission.

As you can see by looking at the Accounting program in the CPM, ACG 2071 is a standard prerequisite required by most state universities. However, there is also the following footnote:

“At FSU, UF, and USF, ACGX071 will count toward the degree as elective credits for transfer students. However, it is recommended that native students take another non-accounting elective.”

Since Fall 2011, this has not been true at UF, since ACG 2071 is required for all students to complete the accounting major. Since the curriculum change was already approved by the UCC and has been reflected in the Undergraduate Catalog since 2011, we hope approval of this change to the CPM will be just a formality for the UCC. However, if you have any questions or concerns, please feel free to contact me.
