College	Recycled	CLAS - College of Liberal Arts and Sciences	Pharies, David A	This item has been conditionally approved pending the following change: <ul style="list-style-type: none"> The CCC requests that the "Proposed Prerequisites" be reformulated, eliminating parentheses around "C" and checking the new version for accuracy. Suggestion: (BSC 2010C & (CHM 2046C or CHM 2047C or CHM 2051C or CHM 2096C) & (PHY 2048C or PHY 2060C)) or permission of instructor 	11/29/2016

Department	Approved	CLAS - Biology 011690003	Davis, Ellen C	Per D. Julian: The CCC is misunderstanding the function of the "(C)". In the prereq checker, this indicates that a minimum grade of C is required. It does not indicate that it is a combined lecture/lab course. Additionally, the courses listed in this request are not "C" courses. However, if they were, listing one as a prerequisite with a minimum grade of C would look like this: BSC 2010C(C).	12/6/2016

Current Co-requisitesNone

Proposed Co-requisitesPHY 2049(C) or PHY 2061(C)

RationaleThis course requires knowledge of calculus-based physics, so we are removing PHY 2054 as an option for the physics prerequisite.

Some BME students will be taking the second semester of calculus-based physics concurrently with this course, so we are changing the physics prereq from (PHY 2049 or PHY 2061) to (PHY 2048 or PHY 2060), and we are adding the co-requisite of (PHY 2049 or PHY 2061).
