24. Rationale and Placement in Curriculum

This course is required for the mechanical engineering BS degree. It is typically taken in the senior year. Change in course title explicitly lists sequence of upper level engineering design courses (does not reflect any course content change). Change in prerequisites ensures students have foundational courses prior to senior design course.

| Syllabus Requirements Checklist |
|---|
| The University's complete Syllabus Policy can be found at: http://www.aa.ufl.edu/Data/Sites/18/media/policies/syllabi_policy.pdf |
