Description of request	We are submitting a new course that will replace the current PHA 5701 C course in year 1 (Personal and Professional Development II). A major portion of the PHA 5701C was content on pharmacy law and ethics. This change allows for more emphasis on law and ethics (see rationale below). The other content in the current PHA 5701C course can be adequately covered in PHA 5700C (Personal and Professional Development 1) This decision is based on our experience in teaching the course for the first time and curricular assessments that were done. (Curricular Assessments included student and faculty debriefings to identify how to improve the courses/curriculum.) In addition, student performance on a national exam (PCOA) at the end of year 1 suggested more emphasis was needed on law and ethics. We are also requesting a change from Pass-Fail to graded since we would like to differentiate student performance on the law and ethics content. (A-E grade rather than just pass or fail).

Course Description Introduces the principles of law and ethics in pharmacy with a focus on those laws and ethical situations that are most commonly encountered in a community pharmacy practice setting.

Prerequisites Admission to the Doctor of Pharmacy program.
Co-requisites None
Rationale and Placement in Curriculum This occurs in the first year of the curriculum. Following this course, students complete their practice experience during the summer at a community pharmacy. Therefore, this course allows them to have an understanding of pharmacy law and ethics when they are in the practice setting.
Course Objectives 1.   Explain what a prescription is and the obligations of pharmacy personnel in processing prescriptions.
2.   Explain the dispensing requirements for prescriptions, including those involving generic substitution.
a.   Understand pharmacists responsibilities with regard to prescriptions presented to pharmacies in each of the following formats: electronic prescriptions (i.e. e-prescribing) faxed prescriptions, hand-written prescriptions, computer-generated prescriptions, and phoned-in prescriptions.
3.   Explain the activities that must be completed by a licensed pharmacist, those activities that may be performed by a pharmacy intern, and the activities that may be performed by a pharmacy technician (NOTE: interns & technicians are under the direct supervision of a pharmacist).
4.   Describe the composition of the Florida board of pharmacy, and its function in regulating the profession of pharmacy.
5.   Describe, generally, the importance of the federal Food Drug and Cosmetic Act and related Laws, including: Pure Food and Drug Act of 1906; Food Drug and Cosmetic Act of 1938; Durham-Humphrey Amendment of 1951; Kefauver-Harris Amendment 1962; FDA Modernization Act of 1997; FDA Amendment Act of 2007; OBRA-90; Orphan Drug Act of 1983; Drug Price Competition and Patent Term Restoration Act of 1984; Prescription Drug Marketing Act of 1987; & the Prescription Drug User Fee Act.
6.   Explain the information required on a prescription label, and distinguish label from labeling.
7.   Identify the various classifications of pharmacy permittees in the state of Florida, and the activities that may be performed in these different pharmacies.
a.   Understand what pharmacy permits are required for entities to sell, purchase and dispense (including reverse distributors)
8.   Explain the requirements set forth in the Poison Prevention Packaging Act.
9.   Explain what is required of pharmacists when ordering controlled substances and when dispensing, refilling, and transferring prescriptions for controlled substances, according to the federal Controlled Substances Act.
a. Describe controlled substances ordering, inventory control, dispensing and destruction.
b. Distinguish CSOS from DEA Form 222.
c. Identify that prescription pads must be purchased from approved vendors.
10.   Apply ethical principles in case studies involving a community pharmacy setting.

Course Textbook(s) and/or Other Assigned Reading1.   Readings will be assigned and posted on Canvas.
2.   Abood RS, Burns KA. Pharmacy Practice and the Law, 8th edition. Jones & Bartlett Learning, LLC. Burlington, MA 2017. ISBN – 13:978-1284089110
a.   Note: you will use this textbook across the first three years of the curriculum.
b.   You will receive a 30% discount if you order the book directly from the Jones & Bartlett Learning website by Dec 30, 2015. The discount code is TBD. Here is the URL for ordering: http://www.jblearning.com/cart/Default.aspx?ref=jblearning

Weekly Schedule of Topics This course occurs over 8 weeks and therefore the contact hours are approximately 2 hours per week. A curriculum map has been submitted that provides more details about the content and what is done as online/individual study and outside of class.

The syllabus also provides more details about the content covered in each curriculum. The modules are spaced so they flow with the other courses in the block curriculum.

Weeks 1-2: Module 1: Introduction to Pharmacy Law
Week 3: Modules 2 and 3: The Food and Drug Administration - Parts 1 and 2
Week 4: Module 4: Pharmacy Practice in Florida and Dispensing of Controlled Substances
Week 6: Module 5: Pharmacy Ethics
Week 8: Prepare for Final Exam and Complete the Final Exam.

Links and Policies Policies
Policies Across All 1PD-3PD courses:
Class Attendance & Excused/Unexcused Absences
Attendance and punctuality are expected of pharmacists in practice since they are essential elements in maintaining quality patient care, including patient safety. The Pharm.D. program has firm policies about attendance in order to instill good habits that will be needed in practice, and also because class participation is essential for developing the knowledge, skills, and attitudes essential for success as a pharmacist. Class attendance is mandatory for active learning sessions such as problem-solving sessions, case discussions, laboratory sessions, and other activities that the instructor designates as required attendance. Similar to the employment expectations in pharmacy practice, tardiness and unexcused absences are not tolerated.
Student attendance may be excused in the following situations: serious illness (3 or more consecutive days requires a health care provider note/documentation), serious family emergencies, military obligation, severe weather conditions, religious holidays, and other reasons of that are of a serious nature or unexpected. Absences from class for court-imposed legal obligations (e.g., jury duty or subpoena) will be excused. The Pharm.D. calendar allows for participation in special curricular requirements (e.g., professional meetings). For unusual situations (e.g., wedding that was planned before admission), the student is expected to have already informed the Office of Student Affairs.
Students who have an infectious illness that is in the contagious phase should not come to class. This is an excused illness. The grade book will show EX or excused for the grade of a missed quiz or iRAT and the course grade will be computed without consideration of these missing points unless a makeup is assigned. If the instructor assigns a makeup assignment, the EX grade will be replaced with the grade earned on the makeup assignment.
Both excused and unexcused absences are tracked across the curriculum. Students with repeated absences may be requested to provide a higher level of documentation and the course leader will include the Associate Dean for Student Affairs in addressing the issue.
Requests for Excused Absence
A request for an excused absence must be communicated prior to the class session by email. The email format below must be used for all communications about absences. The email must be addressed to absent1PD@cop.ufl.edu. This message will be received by the Academic Coordinator, distant campus, and Education Coordinator. The Academic Coordinator will communicate the information to the Teaching Partnership Leader/Course Director. If email is not possible, the student should call the Academic Coordinator (see phone number in syllabus). The Academic Coordinator will coordinate all communications about the absence request and therefore, serve as the point of contact about decisions and other information. Students are encouraged to call the Academic Coordinator for assistance with excused absences.

The following format is recommended:

Failing to follow this policy will render the absence unexcused. The expectation of prior notification will be exempted in situations where there was an emergency situation such as an accident or similar serious situation.

A request for an "excused absence" does not guarantee acceptance. No precedence can be drawn from any courses in the College of Pharmacy or any other college within University of Florida.

The student is responsible for follow up and confirming whether the absence is excused or unexcused.

Make-Up Assignments

Makeup assignment(s) may be provided for any excused absence(s). Due to the block curriculum model, students are encouraged to complete the make up within one-week of the missed session(s). If the situation leads to missing multiple class sessions and makeup by end of the course becomes difficult, the student and Teaching Partnership Leader/Course Director will meet with the Associate Dean of Student Affairs to develop options such as a makeup/remediation plan or course withdrawal. The time period for this make up will be consistent with the UF attendance policies.

Please refer to the University Attendance Policy at https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx

Professionalism Assessments

Professionalism is an educational outcome of the Pharm.D. program and therefore, is continually assessed. Professional behaviors and attitudes are evaluated at each annual milestone to determine progression and eventual readiness for graduation. Unprofessional behaviors and attitudes will result in a deduction of points in the overall course grade in which the event occurred. Unexcused absences are considered to be unprofessional behavior. Other forms of unprofessional behavior include: lateness to class resulting in missing the start of the application exercises/discussions unless permitted by instructor; classroom behaviors that are distracting or disruptive to others; use of cell/smart phones during class; reading emails/messages; use of social media; leaving class early without informing the faculty or staff member; disrespectful behaviors toward faculty, staff, or other students; and inappropriate discussion board or social media postings. For incidents of lateness to class, an assessment will be made about the seriousness of the tardiness, and this will be used to determine the course of action. Nonadherence to the dress code policy is also considered unprofessional behavior. Students who do not comply with the dress code will be assessed as unprofessional and also asked to leave class as noted in the dress code policy.

Across the academic year, unprofessional behaviors will be tracked across all courses. Each offense will result in a grade deduction in the course in which the unprofessional behavior occurred. The maximum grade deduction that will be applied to each course is 5% from the final course percentage grade. Repeated unprofessional behaviors will also be evaluated as an end of year milestone, and can negatively impact curricular progression.

Quiz & iRAT/tRAT Policies

1. Students must bring their laptop or tablet to class in order to participate in the quiz/iRAT/tRAT.

2. All quizzes/iRATs/tRATs are closed book unless otherwise noted by the instructor.

3. At the start of the quiz/iRAT, the access code will be provided. Students who miss getting the access code because they were late will not be allowed to take the quiz/iRAT and a grade of zero will be assigned unless there is an excused absence.

4. When a student completes a quiz/readiness-assessment test (RAT), they must close their laptop or turn over their tablet to indicate they are finished with the assessment. These devices should not be used until the instructor has announced that

the quiz/RATs have ended.
5.   Students who miss the iRAT may take the tRAT if they are in class at the start of the tRAT. (The Academic or Education Coordinator will assess the time of arrival and indicate to students who enter the classroom late whether they can join their team and participate in the tRAT.)
6.   Students may not leave the room during the iRAT and tRAT.
7.   All students must remain quiet during the iRATs and as other team are completing the tRATs .
8.   For tRATs, a team may appeal the answer to a question to the instructor after the active learning session within 24 hrs. The appeal must be evidence-based and in writing. Such an appeal process is not applicable to quizzes, iRATs, and exams.

Exam Policy
During any Exam:
1.   Students must wait outside the testing room until the proctor enters.
2.   The following items are not allowed to be accessed during the exam: cell phones, other electronic or digital devices including smart watches, pagers, photographic devices, and recording devices. Any watches must be placed on the top of the desk for proctor review.
3.   All backpacks, purses or other bags should be kept away from the student's designated testing space and must not be accessed during the exam. Nonessential materials are NOT allowed at the student's desk during examination periods. Please leave all nonessential materials outside of or in the front of the examination room.
4.   Students must arrive and be seated promptly to be eligible to take the exam. To maintain exam security, students who arrive late for the exam will not be allowed to start the exam if they are more than 30 minutes late or if another student has left the room after seeing the exam. Students who have valid reasons for arriving late at the exam may request a makeup exam as outlined below.
5.   There must be no talking or other disruptive behavior during the distribution or taking of the exam.
6.   Calculators must meet the following requirements: Only nonprogrammable calculators are allowed unless the course has a specific policy.
9.   If you encounter calculator problems (e.g., dead battery), contact the Proctor.
10.   Other exam rules may be instituted during the progression of the course.
11.   Once the exam commences, students may not leave the room without first turning in the exam. Once the exam is turned in, the examination period for the student is considered complete and the student must leave the examination room.
12.   If there is urgent need to use the restroom, the Proctor will provide guidance.

Failure to follow exam rules may be considered as evidence of academic dishonesty.

After an Exam
Policy across All 1PD-3PD courses where ExamSoft is used:
1.   Students are required to upload the encrypted exam file within 24 hours of completing the exam to the SofTest website.
a.   If the encrypted file is not uploaded within 24 hours, the student's exam score will be reduced by 10%.
2.   Graded exam appeals
a.   There are no exam appeals except in instances where the student deems there is a possible grading/grade calculation error. Following release of the exam grades, the student has 3 business days to contact the Teaching Partner and Academic Coordinator to clarify questions and appeal any possible grading errors.

Make-up Quiz/iRAT/tRAT/Exam Policy
Policy across All 1PD-3PD courses:
Makeup exams are given only under special circumstances and only for excused absences. (The policies related to requesting an excused absence also apply to makeup requests for quizzes/iRATs and exams.) If the student is unable to take a scheduled

assessment, the Teaching Partnership Leader/Course Director and Academic Coordinator must be notified before the assessment or if it is an emergency situation, as soon as possible. The instructor will arrange an alternate deadline for the assessment consistent with the University examination policies.

The questions on the makeup assessment may be in the form of essay, short answer, or multiple-choice and will be the same level of difficulty as the assessment administered during the scheduled time. With the exception of highly extenuating circumstances, failure to follow the prescribed procedures or failure to be present for the make-up assessment will result in a grade of zero for that exam. No precedence can be drawn from any courses in the College of Pharmacy or any other college within University of Florida.

General College of Pharmacy Course Policies
The following policies apply to all courses in the College of Pharmacy and are available on the COP website:

University Grading Policies
Please visit the following URL to understand how the University uses the course grade to compute your overall GPA:
https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx

Concerns, Appeals, and Complaints
Students who have concerns about their evaluation of performance and/or student-faculty relations should review the Student-Faculty Handbook for guidance. The Student-Faculty Handbook also outlines the chain of command for any appeals and/or complaints.

Academic Integrity Policy
Students are expected to act in accordance with the University of Florida policy on academic integrity
(http://www.dso.ufl.edu/sccr/honorcodes/honorcode.php). This Honor Code specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obliged to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult the course's Teaching Partnership Leader/Course Director.

Students are also expected to abide by the UF Honor Code.

The following is the UF Honor Pledge: We, the members of the University of Florida community, pledge
to hold ourselves and our peers to the highest standards of honesty and integrity by abiding by the Honor
Code.

On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment."

Psychomotor and Learning Expectations
Psychomotor expectations relate to the ability to meet the physical demands of the pharmacy curriculum. Physically impaired students and students with learning disabilities such as hearing impairment, visual impairment, dyslexia or other specific learning disabilities such as sensory deficit or sensory-motor coordination problems should cooperate with the faculty and staff in addressing these circumstances in order to meet academic standards.

How to Request Learning Accommodations
Students with disabilities requesting accommodations should first register with the

Disability Resource Center (352-392-8565, www.dso.ufl.edu/drc/) by providing appropriate documentation. Once registered with the Disability Resource Center, students will receive an accommodation letter which must be presented to both the instructor and academic coordinator to utilize classroom accommodations. Students registered with the Disability Resource Center who are requesting clinical accommodations for rotations or clinical experiences should contact their Learning Specialist in the Disability Resource Center. Students with disabilities should follow this procedure as early as possible in the semester.

Additionally, students at all College of Pharmacy campuses are expected to provide a copy of the accommodation letter of the Office of Student Affairs by email (carswell@cop.ufl.edu), fax (352-273-6219) or in person at G235 (Student Services Suite) of the Health Professions, Nursing and Pharmacy Building since some learning activities, exams, and assessments require additional assistance. The College of Pharmacy highly encourages that this procedure be completed before each course begins. Being proactive in this process will ensure that accommodations are in place for each student's learning activities, exams, and assessments because grades cannot be retroactively changed.

Faculty and Course Evaluations
Students are expected to provide feedback on the quality of instruction in every course based on 10 criteria. These evaluations are conducted online at https://evaluations.ufl.edu . Evaluations are typically open around mid-semester and need to be completed by the established deadline. Summary results of these assessments are available to students at https://evaluations.ufl.edu .

Computer and Other Technology Requirements
Students are required to meet the following computer and technology requirements: http://pharmacy.ufl.edu/education/student-affairs/admissions/student-computer-requirements/

ExamSoft® is used for administration of exams and students are required to follow the procedures that are established for exam administration. Students must bring a laptop to class to complete exams and this laptop must meet the computer and technology requirements established by the College. Students must also complete mock exams prior to the actual exam to assure that all computer features are supported by ExamSoft®.

Expectations in Class and Other Learning Activities
Students are expected to:
? 	Be diligent and timely in studying the course material.
? 	Be on time for class sessions, quizzes, and exams.
? 	Be prepared for group discussions and conference calls.
? 	Do your own work.
? 	Actively collaborate with peers when assigned to groups.
? 	Inform the Academic Coordinator about an absence from an exam or other assigned class activity at least 24 hours prior to the event.
? 	Dress appropriately for class sessions or clinically related activities.
? 	Turn off cell phones and other electronic communication devices during a class session or phone conference.
? 	Be quiet during class sessions including peer presentations.
? 	Be focused and avoid distractive behaviors in class.
? 	Appropriately use the computer in class, i.e., do not be looking at unrelated information on the web site during class.
? 	Participate in class or group discussions.
? 	Raise one's hand to be recognized before making a comment during a class session.
? 	Be respectful to the teacher.
? 	Be respectful to fellow students in discussions.
? 	Be courteous, respectful, and civil when using discussion boards.
? 	Focus on the course learning activities; it is not respectful to study for other

coursework during the class session.

? Address faculty with the appropriate title and name, i.e., Dr. (last name) or Professor (last name).

? Address concerns about performance or course material directly with the Teaching Partnership Leader/Course Director.

? Seek assistance with academic or personal difficulties as soon as possible.

Communications

Course-related Communications

Students with questions about course content should post questions on the discussion board. As noted in the attendance policy, communications about class attendance/absence should be emailed to absent1PD@cop.ufl.edu . The student may email the course leader for any other needs that are personal in nature (e.g., request for accommodations, personal issues such as illness, emergencies).

Faculty member Response Time:

1. The course faculty will work to respond to discussion board postings and email communications within 24 hours of the posting between Monday and Friday 12N. Responses on weekends and holidays will be sporadic. (On weekends when assignments are due, students are advised to post questions before 12 Noon on Friday.)

Email Communications:

1. When communicating with faculty via email, the subject line needs to include the course number & title.

2. At the end of the email, in addition to listing your name, list your academic year and campus/site.

Discussion Board Policy

The purpose of the discussion board is to provide a venue for you to enhance your learning. This is accomplished by having a thread for each module where you can post questions to the course faculty. (A thread is a single link that is devoted to a topic.) The discussion board is also a place where your instructors may post virtual cases for you to work up.

Such interaction on the discussion boards with the instructors will allow you to clarify your questions and apply what you are learning in other parts of the course. The goal of these discussions is to help you learn.

Student Netiquette on the Discussion Board:

1. Post your comment on the correct discussion thread. If you have a question about A1 (Unit A - Module 1), post it in the discussion thread for A1 and not the B1 thread.

2. The discussion board is not a place to complain. Complaints should instead be directed directly to the Teaching Partnership Leader/Course Director via a professional email. This allows the Teaching Partnership Leader/Course Director to quickly address your concern without causing distraction to other students who have limited time and want to focus on learning.

3. Use "netiquette." If you have never learned "netiquette" - please visit the following URL: http://www.albion.com/netiquette/corerules.html If you follow the rules of netiquette described in this URL, you will avoid posting an embarrassing or inappropriate comment.

4. The discussion board has been designed to allow you a place to ask further questions on the material to clarify any confusion, gain a deeper understanding of the material, or ask general course questions. A question you might see on a discussion board is "What do I need to study for the exam?" Please reflect on how this question can be perceived by your lecturing faculty as well as your fellow classmates. Rewording the question to address a specific topic would be more appropriate. For example, "Dr. XX, you listed numerous side effects for drug XX on slide XX. Of those, what are the most

relevant that we could expect to occur and monitor for in clinical practice." The type of material that is covered in these classes is material that is important for patient care. All of this material is important. There are variations in courses, but please make use of your syllabus since there might be guidance on how to prepare for various exams in your classes.

5.   In most situations, lectures are released as planned by the Teaching Partnership Leader/Course Director. Clarifying at the beginning of a semester on the planned release date/time, if not posted in the syllabus, is appropriate. Continual posts on the discussion board on weekly basis can become overwhelming for the course coordinator as well as your fellow students.

Question/Answer sessions in live class sessions:
Time is usually reserved at the end of the class for questions regarding the material to clear up any confusion or expand on material covered in the particular section. This is a valuable time for all students and since time is limited, the questions should focus on the topics at hand. Questions such as, "What material will be covered on an upcoming exam?" or, "Do we need to know dosing for the exam?" are inappropriate during this time period. In our profession, all material is important. However, if this question does need to be asked, please consider using the discussion board to clarify any specific exam questions.

Student Complaint Process
Concerns about the course (e.g., course requirements, quizzes, exams) should first be discussed with the appropriate course instructor and the Teaching Partnership Leader/Course Director. If a satisfactory resolution is not achieved, the student may appeal to the Associate Dean for Curricular Affairs and Accreditation who will also engage other individuals depending on the request (e.g., campus dean, department chair, Associate Dean for Student Affairs). If the student finds the decision unsatisfactory, the student may appeal to the Dean of the College of Pharmacy. If this decision is unsatisfactory, the student may appeal to the Ombuds office:
(https://www.dso.ufl.edu/documents/UF_Complaints_policy.pdf).

Religious Holidays
Please see the University policy on attendance and religious holidays:
http://www.registrar.ufl.edu/catalog/policies/regulationattendance.html#religious.

Counseling and Wellness Center
Students who are experiencing issues and events that could adversely affect academic performance and personal health should be encouraged to meet with the Teaching Partnership Leader/Course Director or Associate Dean for Student Affairs for guidance. Students in the Gainesville area may contact the UF Counseling and Wellness Center for Gainesville students (352-392-1575; http://www.counseling.ufl.edu). Students outside the Gainesville area may obtain similar contact information from the campus/program administrator.

Emergencies
Call the University Police Department for emergencies: 392-1111 or 9-1-1

Student Crisis
Your well-being is important to the University of Flo¬¬rida. The U Matter, We Care initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact umatter@ufl.edu so that the U Matter, We Care Team can reach out to the student in distress. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. The U Matter, We Care Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the

Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.

Students who are experiencing issues and events are also encouraged to contact their local
crisis center. For Alachua County the Crisis Center number is 352-264-6789; for Jacksonville and
Duval County 904-632-0600 and toll free for Northeast Florida at 1-800-346-6185; and for Orlando
407-425-2624.
The following national call numbers are also available for students who reside outside of the main COP campuses: a) 1-800-273-8255, and b) 1-800-784-2433.

How to Access Services for Student Success
Students who need guidance for course success or who are having academic difficulty should contact the Teaching Partnership Leader/Course Director. In addition, students are encouraged to contact their advisor or Campus Director/Associate Dean for Student Affairs for assistance.
Faculty Lectures/Presentations Download Policy
Photography, audio-visual recording, and transmission/distribution of classroom lectures and discussions is prohibited unless there is expressed written permission. Recorded lectures and class sessions are authorized solely for the purpose of individual or group study with other UF College of Pharmacy students enrolled in the same class. Such recordings may not be reproduced, shared, or uploaded to publicly accessible web environments. Students who do not adhere to this policy will be considered to be breeching COP copyrights and/or FERPA law.

Faculty and Staff: Who to Contact

Academic Coordinator/Education Coordinator:
1.   Issues related to course policies (absences, make up exams, missed attendance)
2.   Absence requests (Only the Academic Coordinator handles absence requests)
3.   Questions about dates, deadlines, meeting place
4.   Availability of handouts and other course materials
5.   Assignment directions
6.   Questions about grade entries gradebook (missing grades, wrong grade)
7.   Assistance with ExamSoft® (Distant campus students may contact Education
Coordinator for use of SofTest and assistance during exams. The Academic Coordinator is the contact person for issues related to grading and posting of ExamSoft grades.)

Teaching Partnership Leaders/Course Directors
1.   Questions about grades
2.   Concerns about performance
3.   Guidance when there are performance problems (failing grades)
4.   General questions about content

Other Teaching Partnership Faculty Members
1.   Questions about specific content

Technical Support:
For technical support related to eLearning, educational videos, mobile learning tools and other course-related issues, contact College of Pharmacy Educational Technology Support at:
•   Gainesville Office Hours: HPNP Rm. 4309 or 4312, Monday – Friday, 8:30 am to 4:30 pm
•   E-mail: edu-help@ahc.ufl.edu
•   Phone: 352-273-9492

Contact the University of Florida Computing Help Desk for issues related to Gatorlink accounts, UF e-mail, ONE.UF, myUFL and other centralized UF systems, contact UF Computing Help Desk at:

- Website: https://my.it.ufl.edu/CherwellPortal/UFITServicePortal
- E-mail: helpdesk@ufl.edu
- Help Wiki: https://wiki.helpdesk.ufl.edu/
- Phone: (352) 392-4357

Spring   Year 1 - Block 4
1 Credit Hour

Course Purpose:

The purpose of this course is to introduce principles of law and ethics in pharmacy with a focus on those laws and ethical situations that are most commonly encountered in a community pharmacy practice setting. The course will examine the federal and Florida state laws that impact the practice of pharmacy, while emphasizing the legal and ethical principles applied by pharmacists in their daily decision-making. Students will learn the governmental framework within which pharmacy is practiced, as well as acquire an understanding of the laws, regulations, and the ethical responsibilities applicable to pharmacists so that they will be able to protect the public and ensure patients' well-being.

Course Faculty and Office Hours (See Appendix A for Who to Contact)

Teaching Partnership Leader:
William Allen, J.D., M.Div.
Email: wmallen@ufl.edu
Office: G1-20 (Stetson- Medicine Wing)
Phone: 352-273-5155
Office Hours: By Email and Appointment

Teaching Partners:
TBD

This Course Will Prepare You to Perform the Following Activities Which the Public Entrusts a Pharmacist to Perform:

1. Safely and accurately dispense medications within a medication use system including supervision of pharmacy technicians. (EPA E4)

Course Objectives

Upon completion of this course, the student will:
1. Explain what a prescription is and the obligations of pharmacy personnel in processing prescriptions.
2. Explain the dispensing requirements for prescriptions, including those involving generic substitution.
    a. Understand pharmacists responsibilities with regard to prescriptions presented to pharmacies in each of the following formats: electronic prescriptions (i.e. e-prescribing) faxed prescriptions, hand-written prescriptions, computer-generated prescriptions, and phoned-in prescriptions.

3. Explain the activities that must be completed by a licensed pharmacist, those activities that may be performed by a pharmacy intern, and the activities that may be performed by a pharmacy technician (NOTE: interns & technicians are under the direct supervision of a pharmacist).
4. Describe the composition of the Florida board of pharmacy, and its function in regulating the profession of pharmacy.
5. Describe, generally, the importance of the federal Food Drug and Cosmetic Act and related Laws, including: Pure Food and Drug Act of 1906; Food Drug and Cosmetic Act of 1938; Durham-Humphrey Amendment of 1951; Kefauver-Harris Amendment 1962; FDA Modernization Act of 1997; FDA Amendment Act of 2007; OBRA-90; Orphan Drug Act of 1983; Drug Price Competition and Patent Term Restoration Act of 1984; Prescription Drug Marketing Act of 1987; & the Prescription Drug User Fee Act.
6. Explain the information required on a prescription label, and distinguish label from labeling.
7. Identify the various classifications of pharmacy permittees in the state of Florida, and the activities that may be performed in these different pharmacies.
   a. Understand what pharmacy permits are required for entities to sell, purchase and dispense (including reverse distributors)
8. Explain the requirements set forth in the Poison Prevention Packaging Act.
9. Explain what is required of pharmacists when ordering controlled substances and when dispensing, refilling, and transferring prescriptions for controlled substances, according to the federal Controlled Substances Act.
   a. Describe controlled substances ordering, inventory control, dispensing and destruction.
   b. Distinguish CSOS from DEA Form 222.
   c. Identify that prescription pads must be purchased from approved vendors.
10. Apply ethical principles in case studies involving a community pharmacy setting.

Pre-Requisite Knowledge and Skills
Admission to the Doctor of Pharmacy program.

Classroom:

1. **Gainesville:** All class sessions are held in MDL-1 (CG-069 to CG-88 in the Ground Floor of the Communicore)
2. **Jacksonville & Orlando**: Class Sessions are posted in the campus calendar

Course Structure and Weekly Course Outline

Week/Date	Instructor	Related Learning Objectives	Description of Learning Activities	Instructor Contact Hours
1-2	Dr. Allen	1-3	*Module 1: Introduction to Pharmacy Law Online/Individual Study*	

			1. Prescriptions and requirements for prescriptions 2. The law & the legal systems 3. The nature and role of law 4. Reasons to regulate medicinal drugs 5. Limits of the law 6. Sources of the law 7. Processes: legislative, judicial; federal vs state law Textbook contains Supplementary Readings (Outside Study) The lecture content is also covered in the textbook; students are encouraged to read the textbook to reinforce lecture content.	1.5 hr
			In-Class TBL Session: 1. IRAT/TRAT 2. Team Applications	2 hr TBL

3	Dr. Allen	5	***Module 2: The Food and Drug Administration – Part 1***
			Online/Individual Study
			Pre-recorded lectures:
			1. Defining and distinguishing drugs from foods, dietary supplements, devices and cosmetics
			2. Prohibited acts, penalties, and enforcement
			3. Aldulteration
			4. Misbranding
			5. Historical overview of the Federal Food Drug & Cosmetic Act
			   a. Pure Food and Drug Act of 1906
			   b. Food Drug and Cosmetic Act of 1938
			   c. Durham Humphrey Amendment of 1951
			   d. Food Additives Amendment of 1958
			   e. Color Additive Amendments of 1960
			   f. Kefauver-Harris Amendment of 1962
			   g. Medical Device Amendments of 1976
			   h. Orphan Drug Act of 1983
			   i. Drug Price Competition and Patent Term Restoration Act of 1984
			   j. Prescription Drug Marketing Act of 1987
				1.5 hrs

			k. Nutrition Labeling and Education Act of 1990 Textbook contains Supplementary Readings (Outside Study) The lecture content is also covered in the textbook; students are encouraged to read the textbook to reinforce lecture content.	

3		5,6,8	**Module 3: The Food and Drug Administration – Part 2**
			Online/Individual Study
			    Pre-recorded lectures:
			
			    a. Dietary Supplement Health and Education Act of 1994
			    b. Food and Drug Administration Modernization Act of 1997
			    c. Food and Drug Administration Amendments Act of 2007
			    d. Patient Protection and Affordable Care Act of 2010
			    e. FDA Safety and Innovation Act of 2012
			    f. Drug Quality and Security Act of 2013
			    g. Rationale for federal drug regulation
			    h. Prescription Drug Marketing Act – 1987
			    i. Prescription Drug User Fee Act
			    j. Overview of the new drug approval process
			
			Textbook contains Supplementary Readings (Outside Study) The lecture content is also covered in the textbook; students are encouraged to read the textbook to reinforce lecture content.
			
			In-Class TBL Session:
			    k. IRAT/TRAT
			    l. Team Applications
				1.5 hr
				
				2 hr TBL

4	Dr. Allen	4,7,9	**Module 4: Pharmacy Practice in Florida and Dispensing of Controlled Substances** 1. Florida pharmacy law, Florida Board of Pharmacy 2. Pharmacy permits 3. Controlled Substances (Federal Controlled Substances Act and Dispensing in Practice)	1.5 hrs

			In-Class TBL Session 4. IRAT/TRAT 5. Team Applications	2 hr TBL

6	Dr. Allen	10	**Module 5: Pharmacy Ethics**
			Online/Individual Study
			    1. Pre-recorded lecture - Introduction to Ethics
			
			In-Class TBL Session
			    1. IRAT/TRAT
			    2. Team Applications
				1.5 hr
				
				2 hr TBL

8	Dr. Allen	9-21	*Exam*	2 hrs
			Total Contact Hours	15.5 hr plus Final Exam

Textbook & Readings

1. Readings will be assigned and posted on Canvas.
2. Abood RS, Burns KA. Pharmacy Practice and the Law, 8th edition. Jones & Bartlett Learning, LLC. Burlington, MA 2017. ISBN – 13:978-1284089110
   a. Note: you will use this textbook across the first three years of the curriculum.
   b. You will receive a 30% discount if you order the book directly from the Jones & Bartlett Learning website by Dec 30, 2015. The discount code is TBD. Here is the URL for ordering: http://www.jblearning.com/cart/Default.aspx?ref=jblearning

Student Evaluation & Grading (Graded A-E)
Evaluation Methods and how grades are determined

Assessment Item	Criteria
Team-based learning sessions - Score on 4 iRATs (There are 5 iRATs and lowest grade will be dropped)	25%
Team-based learning sessions - Score on 4 tRATs (There are 5 tRATs and lowest grade will be dropped)	35%
Pharmacy Law and Ethics Exam	40%

Grading Scale

92.50-100%	A	72.50-76.49%	C
89.50-92.49%	A-	69.50-72.49%	C-
86.50-89.49%	B+	66.50-69.49%	D+

82.50-86.49%	B	62.50-66.49%	D
79.50-82.49%	B-	59.50-62.49%	D-
76.50-79.49%	C+	< 59.50%	E

Rounding of grades: Final grades in Canvas will be rounded to the 2nd decimal place. If the decimal is X.495 or higher, Canvas will round the grade to X.50. The above scale depicts this policy and grades are determined accordingly. Grade assignment is made using this policy and **_no exceptions_** will be made in situations where a student's grade is "close."

Educational Technology Use

The following technology below will be used during the course and the student must have the appropriate technology and software. **Appendix A** outlines who to contact if you have questions about technology.

1. ExamSoft®
2. Canvas Learning Management System

Policies
Policies Across All 1PD-3PD courses:

Class Attendance & Excused/Unexcused Absences
Attendance and punctuality are expected of pharmacists in practice since they are essential elements in maintaining quality patient care, including patient safety. The Pharm.D. program has firm policies about attendance in order to instill good habits that will be needed in practice, and also because class participation is essential for developing the knowledge, skills, and attitudes essential for success as a pharmacist. Class attendance is mandatory for active learning sessions such as problem-solving sessions, case discussions, laboratory sessions, and other activities that the instructor designates as required attendance. Similar to the employment expectations in pharmacy practice, **tardiness and unexcused absences are not tolerated.**

Student attendance may be excused in the following situations: serious illness (3 or more consecutive days requires a health care provider note/documentation), serious family emergencies, military obligation, severe weather conditions, religious holidays, and other reasons of that are of a serious nature or unexpected. Absences from class for court-imposed legal obligations (e.g., jury duty or subpoena) **will be** excused. The Pharm.D. calendar allows for participation in special curricular requirements (e.g., professional meetings). For unusual situations (e.g., wedding that was planned before admission), the student is expected to have already informed the Office of Student Affairs.

Students who have an infectious illness that is in the contagious phase should not come to class. This is an excused illness. The grade book will show EX or excused for the grade of a missed quiz or iRAT and the course grade will be computed without consideration of these missing points unless a makeup is assigned. If the instructor assigns a makeup assignment, the EX grade will be replaced with the grade earned on the makeup assignment.

Both excused and unexcused absences are tracked across the curriculum. Students with repeated absences may be requested to provide a higher level of documentation and the course leader will include the Associate Dean for Student Affairs in addressing the issue.

Requests for Excused Absence
A request for an excused absence must be communicated prior to the class session by email. The email format below must be used for all communications about absences. The email must be addressed to absent1PD@cop.ufl.edu. This message will be received by the Academic Coordinator, distant campus, and Education Coordinator. The Academic Coordinator will communicate the information to the Teaching Partnership Leader/Course Director. If email is not possible, the student should call the Academic Coordinator (see phone number in syllabus). The Academic Coordinator will coordinate all communications about the absence request and therefore, serve as the point of contact about decisions and other information. Students are encouraged to call the Academic Coordinator for assistance with excused absences.

The following format is recommended:

To: absent1PD@cop.ufl.edu
Subject: PHA XXXX – Excused Absence request
Dear _____,
Professionally and politely request an excused absence.
Explain the nature of conflict and rationale for receiving an excused absence.
Thank the faculty/staff member for their consideration of your special request.
Salutation,
Type in your full name and last 4 digits of UF-ID #, and Campus Name

---

Failing to follow this policy will render the absence unexcused. The expectation of prior notification will be exempted in situations where there was an emergency situation such as an accident or similar serious situation.

A request for an "excused absence" does not guarantee acceptance. No precedence can be drawn from any courses in the College of Pharmacy or any other college within University of Florida.

The student is responsible for follow up and confirming whether the absence is excused or unexcused.

Make-Up Assignments
Makeup assignment(s) may be provided for any excused absence(s). Due to the block curriculum model, students are encouraged to complete the make up ***within one-week of the missed session(s)***. If the situation leads to missing multiple class sessions and makeup by end of the course becomes difficult, the student and Teaching Partnership Leader/Course Director will meet with the Associate Dean of Student Affairs to develop options such as a makeup/remediation plan or course withdrawal. The time period for this make up will be consistent with the UF attendance policies.

Please refer to the University Attendance Policy at
https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx

Professionalism Assessments
Professionalism is an educational outcome of the Pharm.D. program and therefore, is continually assessed. Professional behaviors and attitudes are evaluated at each annual milestone to determine progression and eventual readiness for graduation.

Unprofessional behaviors and attitudes will result in a deduction of points in the overall course grade in which the event occurred. **Unexcused absences are considered to be unprofessional behavior**. Other forms of unprofessional behavior include: lateness to class resulting in missing the start of the application exercises/discussions unless permitted by instructor; classroom behaviors that are distracting or disruptive to others; use of cell/smart phones during class; reading emails/messages; use of social media; leaving class early without informing the faculty or staff member; disrespectful behaviors toward faculty, staff, or other students; and inappropriate discussion board or social media postings. For incidents of lateness to class, an assessment will be made about the seriousness of the tardiness, and this will be used to determine the course of action. Nonadherence to the dress code policy is also considered unprofessional behavior. Students who do not comply with the dress code will be assessed as unprofessional and also asked to leave class as noted in the dress code policy.

Across the academic year, unprofessional behaviors will be tracked across all courses. Each offense will result in a grade deduction in the course in which the unprofessional behavior occurred. The maximum grade deduction that will be applied to each course is **5% from the final course percentage grade**. Repeated unprofessional behaviors will also be evaluated as an end of year milestone, and can negatively impact curricular progression.

Quiz & iRAT/tRAT Policies
1. Students must bring their laptop or tablet to class in order to participate in the quiz/iRAT/tRAT.
2. All quizzes/iRATs/tRATs are closed book unless otherwise noted by the instructor.
3. At the start of the quiz/iRAT, the access code will be provided. Students who miss getting the access code because they were late will not be allowed to take the quiz/iRAT and a grade of zero will be assigned unless there is an excused absence.
4. When a student completes a quiz/readiness-assessment test (RAT), they **must close their laptop or turn over their tablet** to indicate they are finished with the assessment. These devices should not be used until the instructor has announced that the quiz/RATs have ended.
5. Students who miss the iRAT may take the tRAT if they are in class at the start of the tRAT. (The Academic or Education Coordinator will assess the time of arrival and indicate to students who enter the classroom late whether they can join their team and participate in the tRAT.)
6. Students may not leave the room during the iRAT and tRAT.
7. All students must remain quiet during the iRATs and as other team are completing the tRATs .
8. For tRATs, a team may appeal the answer to a question to the instructor after the active learning session within 24 hrs. The appeal must be evidence-based and in writing. Such an appeal process is not applicable to quizzes, iRATs, and exams.

Exam Policy
During any Exam:
1. Students must wait outside the testing room until the proctor enters.
2. The following items are not allowed to be accessed during the exam: cell phones, other electronic or digital devices including smart watches, pagers, photographic devices, and recording devices. Any watches must be placed on the top of the desk for proctor review.
3. All backpacks, purses or other bags should be kept away from the student's designated testing space and must not be accessed during the exam. Nonessential materials are NOT allowed at the student's desk during examination periods. Please leave all nonessential materials outside of or in the front of the examination room.
4. Students must arrive and be seated promptly to be eligible to take the exam. To maintain exam security, students who arrive late for the exam will not be allowed to start the exam if they are more than 30 minutes late or if another student has left the room after seeing the exam. Students who have valid reasons for arriving late at the exam may request a makeup exam as outlined below.

5. There must be no talking or other disruptive behavior during the distribution or taking of the exam.
6. Calculators must meet the following requirements: Only nonprogrammable calculators are allowed unless the course has a specific policy.
9. If you encounter calculator problems (e.g., dead battery), contact the Proctor.
10. Other exam rules may be instituted during the progression of the course.
11. <u>Once the exam commences, students may not leave the room without first turning in the exam</u>. Once the exam is turned in, the examination period for the student is <u>considered complete </u>and the student must leave the examination room.
12. If there is urgent need to use the restroom, the Proctor will provide guidance.

Failure to follow exam rules may be considered as evidence of <u>academic dishonesty.</u>

After an Exam
Policy across All 1PD-3PD courses where ExamSoft is used:
1. Students are required to upload the encrypted exam file within 24 hours of completing the exam to the SofTest website.
   a. If the encrypted file is not uploaded within 24 hours, the student's exam score will be reduced by 10%.
2. Graded exam appeals
   a. There are no exam appeals except in instances where the student deems there is a possible grading/grade calculation error. Following release of the exam grades, the student has 3 business days to contact the Teaching Partner and Academic Coordinator to clarify questions and appeal any possible grading errors.

Make-up Quiz/iRAT/tRAT/Exam Policy
Policy across All 1PD-3PD courses:

Makeup exams are given only under special circumstances and only for excused absences. (The policies related to requesting an excused absence also apply to makeup requests for quizzes/iRATs and exams.) If the student is unable to take a scheduled assessment, the Teaching Partnership Leader/Course Director and Academic Coordinator must be notified before the assessment or if it is an emergency situation, as soon as possible. The instructor will arrange an alternate deadline for the assessment consistent with the University examination policies.

The questions on the makeup assessment may be in the form of essay, short answer, or multiple-choice and will be the same level of difficulty as the assessment administered during the scheduled time. With the exception of highly extenuating circumstances, failure to follow the prescribed procedures or failure to be present for the make-up assessment will result in a grade of zero for that exam. No precedence can be drawn from any courses in the College of Pharmacy or any other college within University of Florida.

General College of Pharmacy Course Policies
The following policies apply to all courses in the College of Pharmacy and are available on the COP website:

University Grading Policies

Please visit the following URL to understand how the University uses the course grade to compute your overall GPA: https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx

Concerns, Appeals, and Complaints

Students who have concerns about their evaluation of performance and/or student-faculty relations should review the Student-Faculty Handbook for guidance. The Student-Faculty Handbook also outlines the chain of command for any appeals and/or complaints.

Academic Integrity Policy

Students are expected to act in accordance with the University of Florida policy on academic integrity (http://www.dso.ufl.edu/sccr/honorcodes/honorcode.php). This Honor Code specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obliged to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult the course's Teaching Partnership Leader/Course Director.

Students are also expected to abide by the UF Honor Code.

The following is the UF Honor Pledge: *We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity by abiding by the Honor Code.*

On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: *"On my honor, I have neither given nor received unauthorized aid in doing this assignment."*

Psychomotor and Learning Expectations

Psychomotor expectations relate to the ability to meet the physical demands of the pharmacy curriculum. Physically impaired students and students with learning disabilities such as hearing impairment, visual impairment, dyslexia or other specific learning disabilities such as sensory deficit or sensory-motor coordination problems should cooperate with the faculty and staff in addressing these circumstances in order to meet academic standards.

How to Request Learning Accommodations

Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, www.dso.ufl.edu/drc/) by providing appropriate documentation. Once registered with the Disability Resource Center, students will receive an accommodation letter which must be presented to both the instructor and academic coordinator to utilize classroom accommodations. Students registered with the Disability Resource Center who are requesting clinical accommodations for rotations or clinical experiences should contact their Learning Specialist in the Disability Resource Center. Students with disabilities should follow this procedure as early as possible in the semester.

Additionally, students at all College of Pharmacy campuses are expected to provide a copy of the accommodation letter of the Office of Student Affairs by email (carswell@cop.ufl.edu), fax (352-273-6219) or in person at G235 (Student Services Suite) of the Health Professions, Nursing and Pharmacy Building since some learning activities, exams, and assessments require additional assistance. The College of

Pharmacy highly encourages that this procedure be completed before each course begins. Being proactive in this process will ensure that accommodations are in place for each student's learning activities, exams, and assessments because grades cannot be retroactively changed.

Faculty and Course Evaluations
Students are expected to provide feedback on the quality of instruction in every course based on 10 criteria. These evaluations are conducted online at https://evaluations.ufl.edu . Evaluations are typically open around mid-semester and need to be completed by the established deadline. Summary results of these assessments are available to students at https://evaluations.ufl.edu .

Computer and Other Technology Requirements
Students are required to meet the following computer and technology requirements:
http://pharmacy.ufl.edu/education/student-affairs/admissions/student-computer-requirements/

ExamSoft® is used for administration of exams and students are required to follow the procedures that are established for exam administration. Students must bring a laptop to class to complete exams and this laptop must meet the computer and technology requirements established by the College. Students must also complete mock exams prior to the actual exam to assure that all computer features are supported by ExamSoft®.

Expectations in Class and Other Learning Activities
Students are expected to:
- Be diligent and timely in studying the course material.
- Be on time for class sessions, quizzes, and exams.
- Be prepared for group discussions and conference calls.
- Do your own work.
- Actively collaborate with peers when assigned to groups.
- Inform the Academic Coordinator about an absence from an exam or other assigned class activity at least 24 hours prior to the event.
- Dress appropriately for class sessions or clinically related activities.
- Turn off cell phones and other electronic communication devices during a class session or phone conference.
- Be quiet during class sessions including peer presentations.
- Be focused and avoid distractive behaviors in class.
- Appropriately use the computer in class, i.e., do not be looking at unrelated information on the web site during class.
- Participate in class or group discussions.
- Raise one's hand to be recognized before making a comment during a class session.
- Be respectful to the teacher.
- Be respectful to fellow students in discussions.
- Be courteous, respectful, and civil when using discussion boards.
- Focus on the course learning activities; it is not respectful to study for other coursework during the class session.
- Address faculty with the appropriate title and name, i.e., Dr. (last name) or Professor (last name).
- Address concerns about performance or course material directly with the Teaching Partnership Leader/Course Director.
- Seek assistance with academic or personal difficulties as soon as possible.

Communications

Course-related Communications

Students with questions about course content should post questions on the discussion board. As noted in the attendance policy, communications about class attendance/absence should be emailed to absent1PD@cop.ufl.edu . The student may email the course leader for any other needs that are personal in nature (e.g., request for accommodations, personal issues such as illness, emergencies).

Faculty member Response Time:
1. The course faculty will work to respond to discussion board postings and email communications within 24 hours of the posting between Monday and Friday 12N. Responses on weekends and holidays will be sporadic. (On weekends when assignments are due, students are advised to post questions before 12 Noon on Friday.)

Email Communications:
1. When communicating with faculty via email, the subject line needs to include the course number & title.
2. At the end of the email, in addition to listing your name, list your academic year and campus/site.

Discussion Board Policy

The purpose of the discussion board is to provide a venue for you to enhance your learning. This is accomplished by having a thread for each module where you can post questions to the course faculty. (A thread is a single link that is devoted to a topic.) The discussion board is also a place where your instructors may post virtual cases for you to work up.

 Such interaction on the discussion boards with the instructors will allow you to clarify your questions and apply what you are learning in other parts of the course. The goal of these discussions is to help you learn.

Student Netiquette on the Discussion Board:
1. Post your comment on the correct discussion thread. If you have a question about A1 (Unit A - Module 1), post it in the discussion thread for A1 and not the B1 thread.
2. The discussion board is not a place to complain. Complaints should instead be directed directly to the Teaching Partnership Leader/Course Director via a professional email. This allows the Teaching Partnership Leader/Course Director to quickly address your concern without causing distraction to other students who have limited time and want to focus on learning.
3. Use "netiquette." If you have never learned "netiquette" - please visit the following URL: http://www.albion.com/netiquette/corerules.html   If you follow the rules of netiquette described in this URL, you will avoid posting an embarrassing or inappropriate comment.
4. The discussion board has been designed to allow you a place to ask further questions on the material to clarify any confusion, gain a deeper understanding of the material, or ask general course questions. A question you might see on a discussion board is "What do I need to study for the exam?" Please reflect on how this question can be perceived by your lecturing faculty as well as your fellow classmates. Rewording the question to address a specific topic would be more appropriate. For example, "Dr. XX, you listed numerous side effects for drug XX on slide XX. Of those, what are the most relevant that we could expect to occur and monitor for in clinical practice." The type of material that is covered in these classes is material that is important for patient care. All of this material is important. There are variations in courses, but

please make use of your syllabus since there might be guidance on how to prepare for various exams in your classes.

5. In most situations, lectures are released as planned by the Teaching Partnership Leader/Course Director. Clarifying at the beginning of a semester on the planned release date/time, if not posted in the syllabus, is appropriate. Continual posts on the discussion board on weekly basis can become overwhelming for the course coordinator as well as your fellow students.

Question/Answer sessions in live class sessions:

Time is usually reserved at the end of the class for questions regarding the material to clear up any confusion or expand on material covered in the particular section. This is a valuable time for all students and since time is limited, the questions should focus on the topics at hand. Questions such as, "What material will be covered on an upcoming exam?" or, "Do we need to know dosing for the exam?" are inappropriate during this time period. In our profession, all material is important. However, if this question does need to be asked, please consider using the discussion board to clarify any specific exam questions.

Student Complaint Process

Concerns about the course (e.g., course requirements, quizzes, exams) should first be discussed with the appropriate course instructor and the Teaching Partnership Leader/Course Director. If a satisfactory resolution is not achieved, the student may appeal to the Associate Dean for Curricular Affairs and Accreditation who will also engage other individuals depending on the request (e.g., campus dean, department chair, Associate Dean for Student Affairs). If the student finds the decision unsatisfactory, the student may appeal to the Dean of the College of Pharmacy. If this decision is unsatisfactory, the student may appeal to the Ombuds office:

(https://www.dso.ufl.edu/documents/UF_Complaints_policy.pdf).

Religious Holidays

Please see the University policy on attendance and religious holidays:

http://www.registrar.ufl.edu/catalog/policies/regulationattendance.html#religious.

Counseling and Wellness Center

Students who are experiencing issues and events that could adversely affect academic performance and personal health should be encouraged to meet with the Teaching Partnership Leader/Course Director or Associate Dean for Student Affairs for guidance. Students in the Gainesville area may contact the UF Counseling and Wellness Center for Gainesville students (352-392-1575; http://www.counseling.ufl.edu). Students outside the Gainesville area may obtain similar contact information from the campus/program administrator.

Emergencies

Call the University Police Department for emergencies: 392-1111 or 9-1-1

Student Crisis

Your well-being is important to the University of Florida. The U Matter, We Care initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact umatter@ufl.edu so that the U Matter, We Care Team can reach out to the

student in distress. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. The U Matter, We Care Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.

Students who are experiencing issues and events are also encouraged to contact their local crisis center. For Alachua County the Crisis Center number is 352-264-6789; for Jacksonville and Duval County 904-632-0600 and toll free for Northeast Florida at 1-800-346-6185; and for Orlando 407-425-2624.
The following national call numbers are also available for students who reside outside of the main COP campuses: a) 1-800-273-8255, and b) 1-800-784-2433.

How to Access Services for Student Success
Students who need guidance for course success or who are having academic difficulty should contact the Teaching Partnership Leader/Course Director. In addition, students are encouraged to contact their advisor or Campus Director/Associate Dean for Student Affairs for assistance.

Faculty Lectures/Presentations Download Policy
Photography, audio-visual recording, and transmission/distribution of classroom lectures and discussions is prohibited unless there is expressed written permission. Recorded lectures and class sessions are authorized solely for the purpose of individual or group study with other UF College of Pharmacy students enrolled in the same class. Such recordings may not be reproduced, shared, or uploaded to publicly accessible web environments. Students who do not adhere to this policy will be considered to be breeching COP copyrights and/or FERPA law.

Faculty and Staff: Who to Contact

Academic Coordinator/Education Coordinator:
1. Issues related to course policies (absences, make up exams, missed attendance)
2. Absence requests (Only the Academic Coordinator handles absence requests)
3. Questions about dates, deadlines, meeting place
4. Availability of handouts and other course materials
5. Assignment directions
6. Questions about grade entries gradebook (missing grades, wrong grade)
7. Assistance with ExamSoft® (Distant campus students may contact Education Coordinator for use of SofTest and assistance during exams. The Academic Coordinator is the contact person for issues related to grading and posting of ExamSoft grades.)

Teaching Partnership Leaders/Course Directors
1. Questions about grades
2. Concerns about performance
3. Guidance when there are performance problems (failing grades)
4. General questions about content

Other Teaching Partnership Faculty Members
1. Questions about specific content
