Course|Modify for request 12314

Info

Request: EML4147C Thermo-Heat Transfer Design and Laboratory - name change and catalog description change
Description of request: Request change of catalog description, catalog name, and transcript name for the course EML4147C Thermo-Heat Transfer Design and Laboratory.
Submitter: Bruce Carroll bfc@ufl.edu
Created: 2/19/2018 8:37:25 AM
Form version: 1

Responses

Current Prefix EML
Course Level 4
Number 147
Lab Code C
Course Title Thermo-Heat Transfer Design and Laboratory
Effective Term Earliest Available
Effective Year Earliest Available
Requested Action Other (selecting this option opens additional form fields below)

Change Course Prefix? No

Change Course Level? No

Change Course Number? No

Change Lab Code? No

Change Course Title? Yes
Current Course Title Thermo-Heat Transfer Design and Laboratory
Proposed Course Title Thermal Sciences Design and Laboratory
Change Transcript Title? Yes
Current Transcript Title Thermo-Heat Des/Lab
Proposed Transcript Title (21 char. max) Thermal Sci Des/Lab
Change Credit Hours? No

Change Variable Credit? No

Change S/U Only? No

Change Contact Type? No

Change Rotating Topic Designation? No

Change Repeatable Credit? No

Maximum Repeatable Credits 0
Change Course Description? Yes
Current Course Description Thermodynamics and heat transfer integrated with design and laboratory, including heat exchange design, phase-change heat transfer, thermodynamics of mixtures, psychometry, mass transfer and sensible heat recovery.
Proposed Course Description (50 words max) Thermodynamics, fluid mechanics, and heat transfer integrated with design and laboratory.

Change Prerequisites? Yes

Current Prerequisites EML3100, EML3301C and EML4140

Proposed Prerequisites EML3100(C), EML3301C and EML4140

Change Co-requisites? No

Rationale Topics from fluid mechanics are being added to the existing topics from thermodynamics and heat-transfer. This change gives the course broader coverage of topics in the thermal sciences. This is reflected in the name change and catalog description changes. The prerequisite change adds the requirement of a C or better in the course EML3100 to make this course consistent with the rest of the mechanical engineering curriculum. Note that the mechanical engineering curriculum already requires the C or better in EML3100.
Thermal Sciences Design and Laboratory
EML4147C

Class Periods:  T R 3rd Period, Lab Period varies by section
Class Location:  MAE-A 303
Academic Term: Spring 2018

Instructor:
John Abbitt
jda@ufl.edu
352-392-7557
Office Hours:  MW 1 to 2:30 pm

Teaching Assistants:
TA to be determined

Course Description
Thermodynamics, fluid mechanics, and heat transfer integrated with design and laboratory. Credits: 3

Course Pre-Requisites / Co-Requisites
EML3100 with minimum grade of C, EML3301C, and EML4140

Course Objectives
The goal of this course is to provide an intermediate level coverage of thermodynamic, fluid mechanic, and heat transfer topics integrated with design and laboratory experiences. Specific objectives of the course are for students to:

- apply knowledge of mathematics, science, and engineering
- design and conduct experiments, as well as analyze and interpret data
- design a system, component, or process to meet desired needs
- function on multi-disciplinary teams
- identify, formulate, and solve engineering problems
- communicate effectively
- recognize the need for and engage in lifelong learning
- use the techniques, skills, and modern engineering tools necessary for engineering practice.

The objectives will be achieved through:
- In class lectures and examples
- Interactive classroom activities
- Student completion of homework
- Student completion of laboratory experiments
- Student completion of a major project
- Student completion of written reports
- Student participation in team activities.

Materials and Supply Fees: $238.50

Required Textbooks and Software
Materials developed by the instructor will be made available to students.
Course Schedule
Week 1: Introduction to course
Week 2: Lab 1: Experimental determination of pipe friction factor
Week 3: Overview of instrumentation of fluid flow measurement
Week 4: Lab Report 1 Due, Calibration techniques
Week 5: Psychometric charts, multi-phase thermodynamics theory
Week 6: Lab 2: Cooling tower experiments
Week 7: Instrumentation for heat transfer measurements
Week 8: Exam 1, Lab Report 2 Due,
Week 9: Lab 3: Boiling heat transfer experiment, Computer based data acquisition and data analysis
Week 10: Turbomachinery design theory
Week 11: Continuation of turbomachinery theory, Computational tools for design
Week 12: Lab Report 3 Due, Preliminary Design Report Due
Week 13: Fabrication of design component
Week 14: Exam 2, Experimental verification of design
Week 15: Final Design Report Due, Oral Presentations
Week 16: No Class or Lab, No final exam

More information on UF grading policy may be found at: https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx
**Attendance Policy and Make-Up Policy**
Class attendance is expected. Unexcused absence of a lab period will result in a grade of zero for that experiment. Excused absences are consistent with university policies in the undergraduate catalog and require appropriate documentation (https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx).

Make-up work is allowed for excused absences. Students must contact the instructor to make arrangements for make-up work.

**Students Requiring Accommodations**
Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, https://www.dso.ufl.edu/drc) by providing appropriate documentation. Once registered, students will receive an accommodation letter to present to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

**Course Evaluation**
Students are expected to provide feedback on the quality of instruction in this course by completing online evaluations at https://evaluations.ufl.edu/evals. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at https://evaluations.ufl.edu/results/.

**Class Demeanor**
Students are expected to arrive to class on time and behave in a manner that is respectful to the instructor and to fellow students.

**University Honesty Policy**
UF students are bound by The Honor Pledge which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Honor Code (https://www.dso.ufl.edu/sccr/process/student-conduct-honor-code/) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. A violation of the honor code will result in academic sanctions (typically a failing grade assigned for the course) and further disciplinary action. If you have any questions or concerns, please consult with the instructor or TAs in this class.

**Student Privacy**
There are federal laws protecting your privacy with regards to grades earned in courses and on individual assignments. For more information, please see: http://registrar.ufl.edu/catalog0910/policies/regulationferpa.html

**Campus Resources:**

*Health and Wellness*

**U Matter, We Care:**
Your well-being is important to the University of Florida. The U Matter, We Care initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in...
distress, please contact umatter@ufl.edu so that the U Matter, We Care Team can reach out to the student in distress. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. The U Matter, We Care Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.

Counseling and Wellness Center: http://www.counseling.ufl.edu/cwc, and 392-1575; and the University Police Department: 392-1111 or 9-1-1 for emergencies.

Sexual Assault Recovery Services (SARS)
Student Health Care Center, 392-1161.

University Police Department at 392-1111 (or 9-1-1 for emergencies), or http://www.police.ufl.edu/.

Academic Resources

E-learning technical support, 352-392-4357 (select option 2) or e-mail to Learning-support@ufl.edu. https://lss.at.ufl.edu/help.shtml.

Library Support, http://cms.uflib.ufl.edu/ask. Various ways to receive assistance with respect to using the libraries or finding resources.

Teaching Center, Broward Hall, 392-2010 or 392-6420. General study skills and tutoring. https://teachingcenter.ufl.edu/.
