Rationale The faculty reviewed the curriculum and determined that Lodging Operation and Management can be completed without the course ACG 2021 Introduction to Financial Accounting as a pre-requisite. The program faculty does not feel it is necessary to keep this accounting course as a pre-requisite to understand and excel with the content of the course. The financial aspects to this course is minimal with basic information. However, the prerequisite is most applicable for HFT 4468 Hospitality Revenue Management as is currently required. Also, this is a course that provides a foundational discipline specific content about hotels and sophomore standing students would be able to take the course and get additional familiarity to the major.
