MINOR IN ETHNOMUSICOLOGY

Rationale for changes:
In order to provide students increased flexibility to choose among diverse course offerings we propose the following changes. Delete required MUS 4905; require students to take two semesters of Music Theory and MUH 2501 Introduction to World Musics; and three electives to be chosen from the MUH/MUL 3/4000 offerings (9 hours); stipulate that no more than nine hours below 3000-level be counted toward the minor. These changes maintain the required 18 hours and provide flexibility as new course offerings develop. Finally, students are encouraged to participate in one or more World Music Ensembles.
