Effective Term
Select the requested term that the course change(s) will first be implemented. Selecting “Earliest” will allow the change to be effective in the earliest term after SCNS approval. If a specific term and year are selected, this should reflect the department’s expectations. Courses cannot be changed retroactively, and therefore the actual
effective term cannot be prior to SCNS approval, which must be obtained prior to the first day of classes for the effective term. SCNS approval typically requires at least 6 weeks after approval of the course change at UF.

Rationale

Please explain the rationale for the requested change.

Response:
Students need to start CDA 3101 with knowledge of boolean logic, Boolean logic functions, and Boolean algebra. These subjects are taught in COT 3100, which all CSE, CPE, CSC majors, and Computer Science minors are required to take. This change simply requires students to take COT 3100 before CDA 3101.
