Info

Request: ENV 4949 Co-op Work Experience
Description of request: Changing Course Title/Description to include "Internship" and credits from 1cr to Var credits. This make this course more inline with other College of Engineering XXX4949 courses.
Submitter: Barbi Jackson barbib@ufl.edu
Created: 6/12/2018 2:03:55 PM
Form version: 1

Responses

Current Prefix
Enter the current three letter code (e.g., POS, ATR, ENC).

Response:
ENV

Course Level
Select the current one digit code preceding the course number that indicates the course level at which the course is taught (e.g., 1=freshman, 2=sophomore, etc.).

Response:
4

Number
Enter the current three digit code indicating the specific content of the course based on the SCNS taxonomy and course equivalency profiles.

Response:
949

Lab Code
Enter the current lab code. This code indicates whether the course is lecture only (None), lab only (L), or a combined lecture and lab (C).

Response:
None

Course Title
Enter the current title of the course as it appears in the Academic Catalog.

Response:
Co-op Work Experience

Effective Term
Select the requested term that the course change(s) will first be implemented. Selecting "Earliest" will allow the change to be effective in the earliest term after SCNS approval. If a specific term and year are selected, this should reflect the department's expectations. Courses cannot be changed retroactively, and therefore the actual
effective term cannot be prior to SCNS approval, which must be obtained prior to the first day of classes for the effective term. SCNS approval typically requires at least 6 weeks after approval of the course change at UF.

Response:
Earliest Available

Effective Year
Select the requested year that the course change will first be implemented. See preceding item for further information.

Response:
2019

Requested Action
Indicate whether the change is for termination of the course or any other change. If the latter is selected, all of the following items must be completed for any requested change.

Response:
Other (selecting this option opens additional form fields below)

Change Course Prefix?

Response:
No

Change Course Level?
Note that a change in course level requires submission of a course syllabus.

Response:
No

Change Course Number?

Response:
No

Change Lab Code?
Note that a change in lab code requires submission of a course syllabus.

Response:
No
Change Course Title?
Response: Yes

Current Course Title
Response: Co-op Work Experience

Proposed Course Title
Response: Environmental Engineering Internship/Co-op

Change Transcript Title?
Response: Yes

Current Transcript Title
Response: Co-op Work Experience

Proposed Transcript Title (21 char. max)
Response: Env Eng Intern/Co-op

Change Credit Hours?
*Note that a change in credit hours requires submission of a course syllabus.*
Response: Yes

Current Credit Hours
Response: 1

Proposed Credit Hours
Response:
Variable

Change Variable Credit?
*Note that a change in variable credit status requires submission of a course syllabus.*

Response:
No

Change S/U Only?

Response:
No

Change Contact Type?

Response:
No

Change Rotating Topic Designation?

Response:
No

Change Repeatable Credit?
*Note that a change in repeatable credit status requires submission of a course syllabus.*

Response:
No

Maximum Repeatable Credits
*Enter the maximum credits a student may accrue by repeating this course.*

Response:
12

Change Course Description?
*Note that a change in course description requires submission of a course syllabus.*

Response:
Yes
**Current Course Description**

Response:
One term industrial employment including extra work according to a pre-approved outline. Practical engineering work under industrial supervisor, as set forth in the Herbert Wertheim College of Engineering regulations.

**Proposed Course Description (50 words max)**

Response:
Practical internship/co-op work experience under approved industrial supervision.

**Change Prerequisites?**

Response:
No.

**Change Co-requisites?**

Response:
No.

**Rationale**

*Please explain the rationale for the requested change.*

Response:
Changing course title/description to include "Internship" and from 1cr to var credit which is more inline with other XXX4949 courses in the College of Engineering.
Environmental Engineering Internship/Co-op
ENV 4949

Instructor:
TBA
Office Hours: TBA

Course Description
Practical internship/co-op work experience under approved industrial supervision

Credits
1-3 Credit Hours: Students are expected to devote an equivalent of three hours a week of course work in this class for each credit in which they are enrolled. Students can enroll in a total of 12 credit hours of this course during their undergraduate study at UF. Students should check with their department on the impact of excess surcharges and whether the credits will count toward their degree. Students should carefully discuss with their industry mentor the time expectations for completion of the requirements of the class, and these expectations should be clearly articulated in the Engineering Internship/Co-op Form. Typical total time on an internship/co-op is full-time at 40 hrs/week and is typically paid.

Course Pre-Requisites / Co-Requisites
EG Classification

Course Objectives
After completion of this course, the student will have learned
• Apply searching the literature to the project
• Describe and apply taking proper safety precautions in the laboratory, if relevant, to the project
• Produce an accurate record of work performed during the Internship/Co-op
• Apply engineering knowledge to a problem in industry
• Produce a technical report
• Discuss work in a team environment, if relevant to the project
• Conduct herself/himself responsibly, safely, and ethically in a professional environment

Materials and Supply Fees
None

Professional Component (ABET):
Contributions to the professional component of ABET will vary depending on the type of internship/co-op

Relation to Program Outcomes (ABET):

</tbody>
</table>
Coverage is given as high, medium, or low. An empty box indicates that this outcome is not part of the course.

**Required Textbooks and Software**
None

**Recommended Materials**
None

**Course Schedule**
The course schedule will depend on the specific internship/training experience. The typical time per topic will vary depending on the internship/co-op
- Overview of company/project
- Safety training
- Discussions with project teams
- Background research, review of documents, white papers, and scientific papers
- Planning, designing, and reviewing the planned work
- Executing the plans
- Documenting progress, experiments, and other technical documentation
- Further team discussions to discuss results
- Final report writing and presentation

**Attendance Policy, Class Expectations, and Make-Up Policy**
Participation is a crucial part of an Internship/Co-op experience. Excused absences are consistent with university policies in the undergraduate catalog (https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx) and require appropriate documentation.

**Evaluation of Grades**

- **70%**
  Degree to which students meet expectations. Expectations are to be established by the Industry Mentor and student a minimum of one semester in advance of the student’s enrollment in this course. The agreed-upon expectations will be reflected on the Internship/Co-op Form signed by both the student and industry mentor prior to the student’s enrollment in the class. The following is a minimum set of expectations for every student enrolled in this class for credit: i.) perform a background literature search and review, ii.) develop a project plan, iii.) perform experimental work or applied experimental work, iv.) write and present a research report. All four of these minimum expectations as well as additional expectations (e.g., attendance at team meetings, company presentations, etc.) are to be clearly established and articulated to the student by the industry mentor prior to commencement of the internship/co-op.

- **20%**
  Quality of the final report and oral presentation. The industry mentor will provide clear expectations of the desired format, content, and deadlines of the final report. The industry mentors will grade the final report in collaboration with a UF Faculty member.

- **10%**
  Attendance.

**Grading Policy**

More information on UF grading policy may be found at: https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx
Students Requiring Accommodations
Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, https://www.dso.ufl.edu/drc) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

Course Evaluation
Students are expected to provide feedback on the quality of instruction in this course by completing online evaluations at https://evaluations.ufl.edu/evals. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at https://evaluations.ufl.edu/results/.

University Honesty Policy
UF students are bound by The Honor Pledge which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Honor Code (https://www.dso.ufl.edu/sccr/process/student-conduct-honor-code/) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

Software Use
All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.

Student Privacy
There are federal laws protecting your privacy with regards to grades earned in courses and on individual assignments. For more information, please see: http://registrar.ufl.edu/catalog0910/policies/regulationferpa.html
