### UCC1: New Course Transmittal Form

**Department Name and Number** Comm Dent/Behav Sci, 313404000

**Recommended SCNS Course Identification**
- Prefix: D
- Level: E
- Course Title: Advd Topics Endo 3

**Effective Term and Year** Spring 2012

**Amount of Credit** 01

**Contact Hour:** Base 1

**Repeatability:**
- Repeatable Credit: yes
- S/U Only: no

**Course Description (50 words or less)**
Continuation of the Endodontic curriculum; emphasizes advanced topics in endodontics surgery, microsurgery techniques, rotary instrumentation, pediatric endodontics and endodontic research.

**Prerequisites**
- n/a

**Co-requisites**
- n/a

**Degree Type (mark all that apply)**
- Professional
- Other
- AEGD residents

**Category of Instruction**
- Advanced

**Rationale and place in curriculum**
Course content is structured to meet ADA Accreditation Standards for AEGD certification.

Spring, second year.

**Department Contact**
- Name: Dr. Micaela Gibbs
- Phone: 273-6800
- Email: mgibbs@dental.ufl.edu

**College Contact**
- Name: Dr. Venita Sposetti
- Phone: 273-5950
- Email: sposetti@dental.ufl.edu
DEN8578C Advanced Topics in Endodontics 3

Course Faculty:

1. Dr Victor M. Garcia
2. Dr Danni Sayman
3. Dr Heberto Salgueiro

When Offered: Year 2, Semester 3

Course Scope:

The continuation of the Endodontic Curriculum in the second year of the AEGD emphasizes advanced topics in Endodontic at the level of graduate course with the foundation in Evidence Based Endodontic.

The clinical phase of the training will aid in preparing the general dentist in advanced areas of Endodontics and patient management. The didactic phase of the training will consist of formal lectures from the clinic faculty and outside Endodontist from the community.

Goals and Objectives:

1. To provide the dentist with the ability to treat failing Root Canal Therapy either non surgically or surgically.
2. Increase the resident expertise in treating pediatric patients with endodontic needs.
3. Provide the dentist with the opportunity to plan, treat and restore increasingly complex endodontic cases.

Major Areas of Coverage:

- Endodontic Surgery and Microsurgery Technique & Armamentarium
- Rotary Instrumentation Technique, When to Use – When not to Use
- Pediatric Endodontics / Apexogenesis & Apexification
- Research Evaluation and Preparation

Course Outline:

Seminar 1, Emergency Management of the Endodontic patient (2 hr)

A. Treatment of acute symptoms
B. Psychological management of apprehensive patient
C. Follow up care

Seminar 2, Rotary instrumentation (2 hr)

A. Different systems instrumentation
B. Hands on practice in extracted tooth
C. Clinical treatment with rotary instrumentation

Seminar 3, Advanced topics in clinical cleansing and shaping (2 hr)

A. Irrigation materials
B. Prevention of clinical aberrations

Seminar 4, Presentation of clinical cases (2 hr)

Seminar 5, Literature Review / Patient Management (2 hr)

Laboratory (3 hr)

Examination (10 lecture hours) – 1 hr

Reference/Course Materials:

Credit(s): 01

Evaluation and Grading:

This course is graded Satisfactory (S) or Unsatisfactory (U). The method of evaluation for the course is based on:

Class participation and scores of examination and performance of all scheduled laboratory assignments, clinical activities and presentations

The examinations given as part of this course will be short answer, multiple choice or short essay graded on a 100 point scale. The laboratory exercise and presentation(s) will be graded on a 0 to 4 point scale.

Grade Weights:

- Participation/Quizzes/Examinations: 50% (S =72% or higher)
- Laboratory/Pre Clinical or Clinical Activities/Presentations: 50% (S = 3-4 points)

Residents must satisfactorily complete all didactic examinations, laboratory, preclinical and/or clinical assignments and presentations to pass the course. Residents are encouraged to review examinations and laboratory and other assignments with the course director if minimum satisfactory grades are not achieved.

Remediation
Residents failing to receive passing grades will be awarded a failing grade and be given the opportunity to remediate.

**Written Examination may be remediated one time.**

Residents failing to satisfactorily complete the remediation within the specified time frame will be awarded a failing U grade and be required to repeat the course. A recommendation will be made that Residents awarded a final failing grade of U meet with the AEGD faculty to discuss further action.

(This course is offered once per year and enrollment is dependent upon the Resident's acceptance into the program with the next AEGD class.)

This course must be passed successfully in order to maintain clinic privileges.

**Deadline for completing this course is the last day of the scheduled semester, no extensions will be granted for incomplete work.** Failure to complete the class assignments by the specified deadlines will result in a failing grade which will require the Resident to re-enroll the next time the course is offered. Residents will lose clinic privileges if a failing grade is received in any residency course.

**College Class Attendance policy:**

**College of Dentistry Make-up Exam Policy**
Make-up examinations will be scheduled only in the event of sickness (documented by a physician’s note) or a documented personal or family emergency. Students must contact the Office of Education and/or the Course Director to notify them as soon as possible of any such events warranting an excused absence. It is the student’s responsibility to schedule a make-up exam with the Course Director within 48 hours of their return to the College. Students who do not have an excused absence from an examination are, at the discretion of the Course Director, subject to any or all of the following: 1) An "E" grade or a "O" for the examination missed, or 2) A make-up examination which may be cumulative in composition. The make-up examination or failing grade given will be assigned the same value (graded weight) as the original examination.
