Description of request	Faculty want to ensure that those getting into the class not only take the prerequisites, but take the prerequisites seriously enough to achieve at least a satisfactory (C) grade in order to advance into this upper-level course. It is unacceptable to the faculty that a student could enroll in this upper-level course without achieving a C or better, especially when enrollment is limited due to accreditation (NAST) standards. Additionally, due to the limited enrollment in this course and the focused nature of it, students must be majors to enroll.
