

<p style="text-align: center;"><b>Minutes of the Meeting of the University Curriculum Committee</b> <b>December 21, 2010</b></p>
--

Bernard Mair convened the UCC at 1:30 in 226 Tigert Hall.

**Members Present:** Bernard Mair, Cory Armstrong, Kelli McCormack Brown, Peggy Carr, David Julian, Mark Law, John Leavey, Albert Matheny, David Pharies, Brian Ray, Jennifer Rea, Elaine Turner

**Liaisons:** Steve Pritz

**Guests:** Jean Ballantyne, Roxanne Barnett, Gail Childs, Dominique Desantiago, Joanne Foss, Ann Goodson, Gary McGill, David Ostroff, Milagros Pena, Les Thiele

**1. Approval of minutes of November 16, 2010 meeting.**

Minutes were approved as written.

**2. Update from Faculty Senate.**

Proposed academic calendars have been approved through 2014-2015. The Faculty Senate would like to reassess the extra student holiday at Thanksgiving before further years are approved.

**3. Proposed revision to the Astronomy Bachelor of Arts major requirements, effective Fall 2011. Dr Pharies**

These changes were approved as requested.

**4. Proposed curriculum revisions in Bachelor of Science in Sustainability and the Built Environment, effective Fall 2011. Dr Carr**

There was much discussion regarding the graduated GPA and the limited access nature of this major. The requested changes were approved, conditioned upon the removal of the language implying General Education credit for courses that are not currently so designated, and to clarify the grades required in specific tracking courses to make this major consistent with the track being established in the College of Liberal Arts and Sciences, in item 5 on this agenda.

**5. Proposed track in Sustainability Studies, effective Fall 2011. Dr Pharies**

This is a CLAS track of the already approved and existing major currently housed under the College of Design, Construction and Planning. The two colleges have worked closely together to coordinate the two programs. The new track was approved.

**6. Proposed revisions to sunset rehabilitative services track and create pre-public health track in Health Science Program, effective 2011-2012 academic year. Dr Hanson**

Sunsetting of the rehabilitative services track was approved, and the committee approved in concept the creation of the new track. The new track proposal and related courses will be brought to the UCC in January for review and approval.

**7. Proposed changes to the Health Education & Behavior curriculum, effective Summer B 2011. Dr McCormack Brown**

These changes were approved as requested.

**8. Proposed changes to the Recreation, Parks & Tourism curriculums, effective Summer B 2011. Dr McCormack Brown**

These changes were approved as requested.

**9. Proposed changes to the Sport Management curriculum, effective Summer B 2011. Dr McCormack Brown**

These changes were approved as requested.

**10. Proposed changes to the Recreation, Parks & Tourism combined degree curriculum, effective Summer B 2011. Dr McCormack Brown**

These changes were approved as requested.

**11. Proposed changes to the Sport Management combined degree curriculum, effective Summer B 2011. Dr McCormack Brown**

These changes were approved as requested.

**12. Proposed curriculum revision to Bachelor of Science in Accounting degree, effective Fall 2011. Dr Ray**

Much discussion ensued related to the decrease in the elective credits this change will allow, the benefits of the elimination of modular courses and the fact that this major requires students to complete and pay for 2 graduate level courses in order to earn an undergraduate degree. Dr Mair will discuss with the Provost the issue of graduate course requirements within an undergraduate degree program.

A motion was made to approve this request along with the course change to ACG 2071 and the 4 new ACG courses. This motion was not approved.

Another motion was made to approve the 4 new ACG courses, this motion was approved.

Dr McGill, the director of the Fisher School of Accounting, offered to remove the requested credit changes in the proposal to allow the change to move forward with the 4 new courses in the plan so the elimination of modular courses can move forward. After more discussion, the committee felt there was still ambiguity regarding the graduate level courses that needs to be resolved before a decision is made.

A motion was made to table the item until January, so clarification regarding the graduate level courses can be obtained, this motion was approved.

**13. Proposed revision to the upper-division requirements for the Environmental Pre-Law specialization of the Forest Resources and Conservation major, effective Summer B 2011. Dr Turner**

Deferred to January meeting.

**14. Proposed revision to the upper-division requirements for the Communication and Leadership Development specialization of the Agricultural Education and Communication major, effective Summer B 2011. Dr Turner**  
Deferred to January meeting.

**15. Proposed revision to the requirements for the minor in Agricultural Communication, effective Summer B 2011. Dr Turner**  
Deferred to January meeting.

**16. Proposed revision to the requirements for the minor in Leadership, effective Summer B 2011. Dr Turner**  
Deferred to January meeting.

**17. Proposed change to name of Bachelor of Science degree from Agricultural and Biological Engineering degree to Biological Engineering, effective Fall 2011. Dr Law**  
This name change was approved as requested.

**18. Proposed creation of a Bachelor of Arts in International Studies degree, effective Fall 2011. Dr Pharies (withdrawn from agenda)**

**19. Items from Graduate School (information only).**

- Proposal for a concentration in Ecological Restoration within the non-thesis Master of Science degree in Forest Resources and Conservation
- Proposal for an Urban and Regional Planning Ph.D. concentration within the major of Design, Construction and Planning
- Proposal for a Masters in Development Practice
- Proposal to form a School of Sustainable Infrastructure and the Environment

**20. Courses carried over from November Meeting**

*Changes to professional courses*

**Medicine**

- MEL7948 – Elect Top/Medicine - Approved

*New undergraduate courses*

**Fine Arts**

- HUM2XXX – Introduction to the Arts in Healthcare
- HUM2XXXL – Arts in Healthcare Clinical Practice 1
- HUM4XXXL – Arts in Healthcare Clinical Practice 2
- MUT4401 – Counterpoint 1
- MUT4402 – Counterpoint 2

**Journalism**

- JOU3XXXC – Multimedia Writing - Approved

*Changes to undergraduate courses*

**Journalism**

- JOU3101 – Reporting

**Health and Human Performance**

- SPM4154C – Administration of Sport and Physical Activity
- SPM2000C – Introduction to Sport Management

**Business Administration**

- ACG2071 – Introduction to Managerial Accounting

**Fine Arts**

- ARH4905 – Individual Study
- ARH4930 – Special Topics in Studio Practice

**21. Notice of proposed new undergraduate courses.**

**Business Administration**

- MAR4XXX – Retail Consulting
- ACG3XXX - Financial Accounting and Reporting 1- Approved
- ACG4XXX – Financial Accounting and Reporting 2 - Approved
- ACG3XXX – Business Processes and Accounting Information Systems - Approved
- ACG4XXX – Cost and Managerial Accounting - Approved

**Liberal Arts & Sciences**

- IDS4XXX – Sustainability in Action
- CLA2XXX – Classical Antiquity and Sustainability
- GRW4930 – Studies in Greek Literature
- RUT2XXX – Russia Through Films
- POS4XXX – American Political Thought - Approved

**Agricultural & Life Sciences**

- AEC4XXX – Issues in Agricultural and Life Sciences - Approved
- AEC4XXX – Leadership for Personal and Organizational Change - Approved

**22. Notice of proposed changes to undergraduate courses.**

**Business Administration**

- MAN4504 – Operations and Supply Chain Management - Approved

**Engineering**

- ABE2012C – Intro to Agricultural and Biological Engineering - Approved
- ABE3042C – Agricultural and Biological Engineering Design 1 - Approved
- ABE3212C – Land and Water Resources Engineering - Approved
- ABE4043C – Agricultural and Biological Engineering Design 2 - Approved
- ABE4171C – Power and Machines for Biological Systems - Approved
- ABE4905 – Individual Study in Agricultural and Biological Engineering - Approved
- ABE4912 – Integrated Product and Process Design 1 in Agricultural and Biological Engineering - Approved
- ABE4913 – Integrated Product and Process Design 2 - Approved
- ABE4931 – Professional Issues in Agricultural and Biological Engineering - Approved

23. Notice of proposed new professional courses.

**Dentistry**

- DEN7559 – Periodontics for the General Practitioner 2
- DEN7538C – Dental Photography
- DEN7566 – Oral & Maxillofacial Surgery 3

24. Notice of proposed changes to professional courses.

**Dentistry**

- DEN7746L – Clinical Operative Dentistry 3 - Approved
- DEN8719C – Clinical Selection of Dental Biomaterials - Approved
- DEN6460C – Prosthodontics for the Edentulous Patient - Approved
- DEN7717C – Clinical Use of Dental Biomaterials - Approved
- DEN8859L – Clinical Prosthodontics 5 - Approved
- DEN7846L – Clinical Prosthodontics 2 - Approved
- DEN8818L – Clinical Orthodontics 2 - Approved
- DEN8817L – Clinical Orthodontics 1 - Approved
- DEN8819L – Clinical Orthodontics 3 - Approved
- DEN7836L – Comprehensive Periodontal Treatment 3 - Approved

**Medicine**

- MEL7951 – Elect Top/Surgery - Approved

25. Notice of proposed new joint graduate/undergraduate level courses.

**Liberal Arts & Sciences**

- PHI5405 – Philosophy of Science

26. Notice of proposed changes to joint graduate/undergraduate level courses.

- None

27. Notice of proposed new graduate courses (information only).

- DCP6XXX – Preservation Building Technology
- PHA6XXX – Commercial Applications of Pharmacoeconomics
- PHA6XXX – Pharmaceutical Policy Process
- FIN6XXX – Emerging Markets Finance 2
- PHC6XXX – SAS for Public Health – Data
- PHC6XXX – SAS for Public Health – Analysis

28. Notice of proposed changes to graduate courses (information only).

- GMS6009 – Principles of Drug Action
- SPN6943 – Romance Language Teaching Methods
- GMS6413 – Current Opinion in Hypertension: The state-of-the-art lectures
- PHC6105 – Organization/Admin Program
- GMS6414 – Advanced Renal Physiology

The meeting was adjourned at 3:05 p.m.
