Demonstration of Visualization Wall – Val Minson

Val Minson attended the meeting and gave a brief demonstration of the visualization wall. She informed the group that the space was available for use, but that each person using it for the first time would need to set up training on using the software with Joe Aufmuth (mapper@uflib.ufl.edu) at least two weeks in advance.

ORCID Registration/Draft Language Discussion – Angela Bacsik

Angela reports that she started to write up a draft but wasn't clear who the audience would be. Judy suggested that the document would be an information item to be presented to the Faculty Senate for publications. The document should be a short clear statement to why ORCID was the front runner.
