Academic Progress Rate

APR Example

- A Division I Football Bowl Subdivision team awards 85 scholarships.
- If 80 student-athletes remain in school and academically eligible.
- Three remain in school but are academically ineligible and two drop out academically ineligible.
- The team earns 163 of 170 possible points for that term.
- Divide 163 by 170 and multiply by 1,000 to determine that the team's Academic Progress Rate for that term is 959.
