UF Faculty and Staff Climate Survey

- In June, Sue Rankin of Rankin & Associates will be on campus to discuss high-level summaries of the findings from a university-wide perspective
- She will return in September for two additional meetings
- A report will be provided, which will be made available at
 - <http://president.ufl.edu/initiatives/uf-faculty-and-staff-climate-survey/>
- Starting in late June through early October, faculty and staff forums also will be held to initiate a campus conversation and to begin to brainstorm action items
