  - Comments:
    - Reaffirmation of existing Combination Degree.
    - ~~If 12 credits of DVM are counted toward the MPH and the DVM program will count 6 credits of MPH, is the total of double counted credits 18 (and therefore more than 12)?~~ [Updated to reflect possibility of up to 18 credits]

    - ~~Please correct course title in request/form (they are listed differently)~~ [The syllabus now matches the new title. Updated 2/20/23]
    - ~~Is there more than 1 competency assessment? There is 1 listed in Week 5; assessments section of syllabus says competency assessments (plural)—just confirming only 1.~~ [There is one competency day on which students

will demonstrate competence in application of multiple therapeutic modalities.]

- ~~After B on the grading scale, the grades jump to full letter grades (no C+ or C-).~~ [This is the grading scale adopted by this professional program. A link to the student handbook is now included.]
- ~~Please update and check all links in syllabus. Multiple broken links.~~ Done
- ~~Is there a link to the student handbook? If so please include where referenced in syllabus.~~ [Added]
- ~~Need to make sure attendance/makeup policy complies with UF policy (e.g. there is a reference in the syllabus to makeups on a case by case basis. Statement that travel is not an excused reason to miss class could also end up conflicting with UF policy depending on reason for travel.~~ [Syllabus has been clarified and the updated link provided]
- ~~Comment on top of p. 9 about Zoom lectures and confusing syllabus info was left in syllabus. Recommend removing~~ [Removed]
