General Review Comments for all requests from Law:
- Recommend stating which courses are allowable for double counting. If this is "all courses not required for 1L" recommend stating so. All required courses are excluded from double counting, including upper level required courses. Any elective may be used for double counted credits. Email response, 3/22/23
- In case of student conduct, medical or coursework (learning outcome) issues, which college will be involved in remediation? The Levin College of Law. Although we may work with the Student Conduct Office or the Dean of Students on other matters, the College would be responsible for helping the student rejoin the community. If you need to refer to a specific department, please reference the Office of Student Affairs.

3. Proposed Reaffirmation of the Combination Degree Program between the M.A. Latin American Studies and a Juris Doctorate   [~~CA~~][A]
