The meeting was called to order at 1:02 PM by Co-Chair, Al Wysocki.

Attendees introduced themselves – Diba Mani and Lauren Solberg attended via Zoom.

Minutes of the previous meeting on Sept 21, 2023: Co-Chair asked for any corrections or changes. Hearing none, minutes were approved.

Far Report: Chris Janelle provided FAR update:

- Putting together a Senate Address
- Preliminary data still to come for the Post Grad outcomes mentioned at last meeting – hope to have this ready for consideration at next IAC meeting.
- SEC FAR meetings are Thursday and Friday this week – will report on that next IAC meeting.
- This week will send out the request for Student Athletes to complete the Exit Survey. Same survey has been used for the past 4 semesters, so now have an entire year of data. Provided a handout of results (see attachment) and walked through the different panels. General discussion regarding what the data mean.

Transfer portal: Jeff Guin presented at the SAC meeting regarding the transfer process and went through the handout (see attached “Four-Year Transfers 101”). There was some discussion regarding providing more cross-college options to SAs (complete concentrations in 2 minors or how to make access to certain majors more flexible).

Frank Bova gave a brief history of when, why, and how the UF Dashboard Analytics came into being. He recommended that the IAC consider/determine what and how the data in the Dashboard should be used in the future. He also recommended that the Predictive Index undergo a similar process of consideration/determination. **ACTION: Need to add these items to the next meeting agenda.**

Al Wysocki said that Kelly will send out options for the next couple of meetings – please be on the look out for these.

Meeting adjourned at 2:09 pm.
