Description of request	Students majoring in composition at New World School of the Arts currently take Applied Instrument Lesson for 1 credit at the upper level over 3 semesters. As a result, they fall short of the 6-credit total Applied Instrument Lesson UF requirement. To correct this, it is proposed to reduce the required credits for Applied Instrument Lessons from 6 to 3 total Applied Instrument Lesson credits. National Association of Schools of Music require NWSA Composition students to take at least 4 semesters in Applied Instrument Lessons combined, at the lower and upper levels. The proposed changes will meet this requirement.

Current Curriculum for Specialization

Response:

Please see attachment. NWSA curricula do not appear in the UF UG catalog, so I could not use the "track changes" function.

Proposed Changes

Describe the proposed changes to the specialization.

Response:

We propose removing MUM2624C MIDI Electronic Music II from the NWSA BM Music (Composition) curriculum (currently in semester 2).

UF Online curriculum change

Will this curriculum change be applied to a UF online program as well?

Response:

No

Pedagogical Rationale/Justification

Describe the rationale for the proposed changes to the specialization.

Response:

NWSA's lower division curriculum is currently 70 credits (60 credits in semesters 5-8 after students transfer to UF), 8 of which come from NWSA offering eight courses at the MDC credit levels, each of which is 1 credit higher than the UF credit levels. Removing 2 credits of MUM2624C would put the entire curriculum, when considered at UF credit totals, at 120 credits, which is the total for which the BM Music (Composition) is approved at UF.

Impact on Other Programs

Describe any potential impact on other programs or departments, including increased need for general education or common prerequisite courses, or increased need for required or elective courses outside of the existing program.

Response:

None. NWSA's curriculum for this specialization is different than the one used at UF, and has been since the beginning of the agreement.

Assessment Data Review

Describe the Student Learning Outcomes and/or program goal data that was reviewed to support the proposed changes.

Response:

Bringing the program in line with BOG approved credit totals.

Academic Learning Compact and Academic Assessment Plan

Describe the modifications to the Academic Learning Compact (for undergraduate programs) and Academic Assessment Plan that result from the proposed change.

Response:

None.

Catalog Copy

Submitter agrees to prepare and upload document showing the catalog copy with the current and proposed curricula edited using the "track changes" feature in Word.
