University Curriculum Committee April 16th, 2024

The UCC met from 1:00 to 3:00 p.m. at the Senate Chambers in the Reitz Union and via Zoom teleconferencing.

Attendees

Members
Hans van Oostrom, Vandana Baweja, James Babanikos, Konstantina Christodouloupolou, Jennifer Clark, Nancy Clark, Elayne Colon, George Hack, Marshall Haning, Jill Ingram, Christopher Janelle, Tom Kelleher, Gillian Lord, Anne Mathews, Alison Reynolds

Liaisons
Casey Bullock, Corrin Fleming, Maria Leite, Leslie McKenna, Toby Shorey, Lauren Solberg, Frankie Tai, Stacy Wallace

Guests
Jeyoul Choi, Cherl Gater, Diana Hull, Kendall Kroger, Sarah Lynne, Lee Revere

Welcome

Notes

- Updates | Dr. van Oostrom
  - May meeting has moved to May 7 at 1 pm, Zoom only
  - Make sure only voting members make motions/vote in meetings!

- Approval of March Minutes – Approved.

- Faculty Senate Updates | Dr. van Oostrom
  - Academic calendar for 2028-2029 approved.

- Information Item - UF Core Taskforce | Dr. Lynne
  - President charges faculty Senate with examining, designing UF Core Curriculum
  - Potentially “dual core”
  - Dr. Lynne presented all faculty members of the task force and why they are well suited to this work
  - Expertise across different areas at the university represented on the task force
  - Task force is also working with administrators - General Education Committee, Enrollment Management, etc.
  - Reaching out to communities that are not represented on task force
  - Definition of the word “Core”
  - What are the objectives of the current Core? How are those being achieved?
  - Potential timeline – dialogue with campus partners for the rest of Spring term, synthesizing during summer, aiming for May 31st for report to President
• Information Item - UF State Core Course Titles and SLOs | Dr. Shorey
  o Faculty committees for each discipline reviewed course descriptions, standardized and added list of SLO’s
  o Added State standardized wording to course descriptions for State Core courses
  o General Education website will feature this information for public access
  o Continuing to review and make sure SLO’s align with State wording

• Information Item - Academic Assessment Committee Update | Dr. Leite
  o Coordinators meeting last week – simplifying process in the future
  o Last meeting of the term week of April 22nd
  o Dr. Leite reminded the committee that AAC review is necessary for lots of curricular changes – don’t forget!

Graduate School

Notice of items from the Graduate School (information only).

The Graduate Council Meeting occurred March 21, 2024. The following items were approved at that meeting.

Graduate Certificates:

1. The College of Public Health and Health Professions seeks to create a graduate certificate in Artificial Intelligence in Public Health and Healthcare (#19118)

2. The College of Design, Construction and Planning seeks to create a graduate certificate in Public Interest Design (#19033).

3. The Herbert Wertheim College of Engineering seeks to close the graduate certificate in Cell and Tissue Science and Engineering (#19090).

4. The Herbert Wertheim College of Engineering seeks to modify the curriculum for the graduate certificate in Controls Systems (#19426). This item was administratively reviewed and provided to the members of the Graduate Council as an information item.

Graduate Concentrations:

1. The College of Medicine seeks to participate in the existing interdisciplinary concentration in Clinical and Translational Science for the Doctor of Philosophy (Ph.D.) with a major in Medical Sciences and a concentration in Medical Physics (#19105).

2. The College of Medicine seeks to create a graduate concentration in Medical Anatomy & Physiology for the Master of Science (M.S.) with a major in Medical Sciences (#19465).

Dean Nicole Stedman, Chair, sought Council approval for consideration of the four (4) new graduate concentrations listed below from the College of Pharmacy as a package. Council concurred.

3. The College of Pharmacy seeks to create a graduate concentration in Managed Care Pharmacy for the Master of Science in Pharmacy (M.S.P.) with a major in Pharmaceutical Sciences (#19442).
4. The College of Pharmacy seeks to create a graduate concentration in Pharmaceutical Policy for the Master of Science in Pharmacy (M.S.P.) with a major in Pharmaceutical Sciences (#19443).

5. The College of Pharmacy seeks to create a graduate concentration in Pharmaceutical Value Communications for the Master of Science in Pharmacy (M.S.P.) with a major in Pharmaceutical Sciences (#19444).

6. The College of Pharmacy seeks to create a graduate concentration in Pharmacoeconomics for the Master of Science in Pharmacy (M.S.P.) with a major in Pharmaceutical Sciences (#19441).

7. The College of Public Health and Health Professions seeks to modify the curriculum for the Doctor of Philosophy with a major in Public Health and a concentration in Health Services Research (#18771).

**Graduate Major (Modification)**

The College of Liberal Arts and Sciences seeks to modify the curriculum for the Master of Sustainable Development Practice (M.D.P.) with a major in Sustainable Development Practice (#19408).

Meeting adjourned at 2:00 p.m.

New Degree Proposal: Bachelor of Arts in Great Books and Ideas
[CA]

https://secure.aa.ufl.edu/Approval/reports/19671

Summary:

Comments: Consults have been scheduled.

Credits add up. Gen Ed is covered, and all is currently approved.

What is the difference between an “elective”, “3000 above elective”, and an “approved elective”? Is “approved elective” a discipline elective? Can “elective” be any course? Like a 1000 level?

Is the “approved electives” list intended to be in the catalog, or does it live on a website? If the latter, the link should be part of the catalog copy.

Related to Toby’s comment on how late to transfer, what is the teaching plan? Will first year courses only starting to be available in 2025-26 or is everything available in 2025-26 and beyond? These questions and issues will be clarified with catalog copy for 2025.

Need consults for departments on the “approved elective” list unless numbers of students are planned to be small. Do we need consults for overlapping curriculum?.
Toby Comments: The credits add. Can transfer students “catch up” by taking the courses form the first two years at the same time that they take the upper division required courses? Other institutions may wish to offer some of these courses—will there be a major residency requirement (e.g., 18 of 39 “core” credits must be taken at UF)? Will there be any “college-specific” requirements for Hamilton center majors (like CLAS requirement for required gen ed courses in addition to minimum 36 gen ed credits)? What are the conditions/GPAs for graduating Cum Laude, Magna Cum Laude, Summa Cum Laude? How late to you anticipate that students could change into this major from

New Degree Proposal: Bachelor of the Arts in Philosophy, Politics, Economics and Law (PPEL) [CA]
https://secure.aa.ufl.edu/Approval/reports/19613
Summary:

Comments: Unless the program requires summer internship or summer work, the UCC discourages adding summer semesters to the eight semester plan. Traditional degrees at 120 should be able to graduate students in 8 semesters, without reference to Fall/Summer/Spring (unless internships or other requirements force this). This also makes the program available for Innovation Academy, which is a Spring/Summer cohorted program. Summer has been removed from the 8 semester plan.

The credits add. Can transfer students “catch up” by taking the courses form the first two years at the same time that they take the upper division required courses? Other institutions may wish to offer some of these courses—will there be a major residency requirement (e.g., 18 of 39 “core” credits must be taken at UF)? Will there be any “college-specific” requirements for Hamilton center majors (like CLAS requirement for required gen ed courses in addition to minimum 36 gen ed credits)? What are the conditions/GPAs for graduating Cum Laude, Magna Cum Laude, Summa Cum Laude? How late to you anticipate that students could change into this major from another and still be successful? These will be clarified in catalog copy.

Has there been an analysis of the similarity of sources used in required courses to ensure wide distribution of content across major courses? We will conduct this review.

To help with transfer students and students changing into major, you might want to consider loosening UT requirements (e.g., complete 2 Hamilton Center required courses by semester 4).

BA-INS Major Tracking/Model Semester Plan Changes [CA]
https://secure.aa.ufl.edu/Approval/reports/19608
Summary:
Comments: No comments
INS 3004 course change on this agenda.

Biology – Bachelor of Arts CLAS – Remove Courses
https://secure.aa.ufl.edu/Approval/reports/19547
Summary:

Comments: Summary: Modify Biology BA Major to remove the following from the approved life science electives: 1) Remove PSB 3002 Physiological Psychology and AGR 2332 Seeds of Change from the Biology & Society category of the Biology BA Distribution. 2) Remove the following courses from the approved electives list for Biology BA majors.
BSC 1920 First Year Introduction: Biology at UF 1 credit
PSB 3002 Physiological Psychology 3 credits
PSB 3340 Behavioral Neuroscience 3 credits
PSB 4434 Neurochemistry, Pharmacology and Behavior 3 credits
PSB 4504 Developmental Psychobiology 3 credits
PSB 4810 Neurobiology of Learning and Memory 3 credits
The rationale includes:
1) Remove PSB 3002 from the Biology BA Distribution category Biology and Society as per Psychology department feedback that they do not have seats in the course to accommodate enrollment requests from Biology Majors.
2) Remove AGR 2332 Seeds of Change from the Biology BA Distribution category Biology and Society as it is a discontinued course in the Statewide Course Numbering System (SCNS).
3) Remove BSC 1920 First Year Introduction: Biology at UF from the model semester plan and the list of approved electives. The course is no longer being offered and has not been offered in several terms.
4) The Psychology Department does not have seats in their PSB courses to accommodate the number of Biology Majors requesting to take these courses as approved life science electives. Biology Majors requesting seats in these PSB courses are generally denied and told the seats are reserved for Psychology Majors. This feedback from Psychology Advising was also relayed to the CLAS Academic Advising Center.
Overall program goals will not be impacted because “this curriculum change to remove BSC 1920 and PSB courses from the elective list is requested for administrative purposes and only impacts the selection of approved life science electives available to Biology majors. In coming terms, the content areas covered in these courses may be fulfilled through offerings by other campus units.”

Changes were tracked in Catalogue and the noted approved electives were removed
Need to increase free electives for each program that removed BSC1920 or they will be short credits. Updated

Biology Preprofessional CLAS - Remove PSB courses and BSC 1920
https://secure.aa.ufl.edu/Approval/reports/19546
Summary:

Comments: Needs to add 1 credit of free elective for the removal of BSC1920 from model semester plan. Updated for preprofessional and Integrative Biology

LIN 3010 Introduction to Linguistics - Remove Course for English Minor
[CA] [A]
Public Health and Health Professions

BHS OTD Accelerated Specialization Modification 2

Summary:

Comments: Semester 1 electives need to be 3, not 2-3.
- I think they mean 2 if 4cr math, 3 if 3cr math
Semester 2: SYG 2000 no longer counts as State Core. Are they ok?
All 4 courses in Semester 8 are critical tracking? Does that make sense?
There is a footnote for several courses with B or better, but the tracking does not show that (only shows C or better). Is B or better setting a precedent?

Health Science Major – Update Common Prerequisite

Summary:

Comments: Request to change from limited access to open access and to update the tracks to be: The new tracks are (1) Health Science: Preprofessional, (2) Health Science: Pre-Rehabilitation, and (3) Health Science: Applied Brain Science. Curriculum change was approved, this is CPM update.

New Minor: Health Administration

Summary:

Comments:
- Needs catalog copy: Updated
- UCC form says <25% of courses available off campus. Is there something specific students will be expected to do off campus? This minor is a campus minor but there might be a course that has an online offering, particularly in the summer.
- Prereqs as listed in the Word doc submitted are unclear – “BSC2005 Biological Sciences, or BSC2010 Principles of Biology, STA2023 Statistics 1, and PSY2012 General Psychology, or equivalent coursework”. Does this mean (BSC 2005 or BSC 2010) AND STA 2023 AND PSY2012? And to which course(s) does “equivalent coursework” apply? All of these? The pre-reqs for the minor should be junior standing with GPA of 3.0 or higher. No other requirements.
- Preferred sequencing grid does not appear to match up to the description of required courses (some of these courses are required, some are 1 or the
other). Suggest restating/clarifying. Clarified in the catalog copy uploaded in the approval system.
- Double check if HAS courses are on this or previous agenda.

ISS 2XXX: The Origins of the Contemporary West: I (Ancients to the Scientific Revolution)
https://secure.aa.ufl.edu/Approval/reports/19458
Comments: Course description starts with “This... course”. Recommend: “Surveys the big ideas in Western Civilization a...” unless you want to work in the “multidisciplinary” term. Remove “The course” in the last sentence. Wording changed.

There are readings in week 16. The semester is only 15 weeks. Week has been deleted.
Rubrics referred to are missing. Participation rubric added.
Toby comments: These questions apply to all of these ISS courses. So far, I have not found any issues. Anticipated class size? Do you foresee allowing non-majors to take the courses? Any opportunities for use in other majors/minors? Be sure to include mentioned participation rubric when the syllabus is developed.

ISS 2XXX: Great Books of Ancient World
https://secure.aa.ufl.edu/Approval/reports/19743
• Comments: Rotating topic but no repeatable credit allowed. It’s a required course so this is OK with me, just making a note because we often see rotating topics with repeatable credit. Wondering if it really needs to be rotating topics if it’s just the readings that may change; readings can change from semester to semester as long as standards/objectives are the same. Changed: no longer a rotating topic
• Consult with Dept of Classics (e.g. overlap potential with CLA 2100, CLA 3930, CLT 3123, CLT 3291, etc)? Consult with English dept? History?
• Will paper count toward university writing requirement? Any info the instructor can provide about the writing prompt?
• For a 2000-level course, this course seems to require a lot of reading each week. Any concern about getting through all of it? Reading load is less than Notre Dame program in Liberal studies.

ISS 4XXX: PPEL Internship
https://secure.aa.ufl.edu/Approval/reports/19774

- Comments: This course has been wholly redone to address the questions below. The new iteration is modelled on the College of Business’s internship program, which was recommended by Dr. Shorey.
- 1.5 weekly contact hours for 3 credits?
- UCC form Contact Type says supervision of student interns. Are the interns doing supervising or the faculty?
- No info on objectives of the internship, what kind of work meets the objectives of the internship. Is it any role in any of the listed types of entities (government, non-profit, financial institutions, etc)?
- What is the approval process for an internship supervisor (non-faculty member supervising at the internship site)? I.e. not the entity itself but the actual supervisor who will be responsible for evaluating the student?
- Is there an expectation that students will intern in Gainesville, or can they intern in other locations (or remotely)?
- Where in the curriculum is this internship? Senior year? Should this be part of the prereqs?
- Students are responsible for securing their own internships; is there assistance/guidance provided to students for this? If Hamilton Center has a list of approved entities or suggested entities, that could be helpful to students who don’t have experience securing work experience.
- Why wouldn’t accommodation/attendance policies apply to the internship? To discuss on Monday.
- Internship 10 hours/week = 3 credit academic course?
- Will send WCB and HWCOE internship examples for additional documentation to submit.

ISS 4XXX: PPEL Research Seminar
https://secure.aa.ufl.edu/Approval/reports/19775

Comments:
- 4 credits, 3 weekly contact hours? Is this consistent with the major submission. Changed to 3 credits
- Course description refers to seniors, which isn’t typical. Also course description sounds more like course objectives/outcomes, not so much a general catalog description. Suggest revising (could limit it to the first sentence of what’s written on the UCC form). Will fix the first sentence.
- Senior standing is not included as a prereq. Should it be?
- Would this course satisfy a thesis requirement for graduation with honors in the major?
• Weeks 4 and 6 topic list say “5 more sources” for the annotated bibliography; should this be “5 or more sources“?
• UCC form says article club participation rubric is below but it’s not included. Is the grade based on overall participation in each discussion or on the leadership of the discussion in the chosen week? Overall participation in each discussion.

Comments:  
• In class recording section of the syllabus is cut off at the bottom. Also, not sure if this section is needed given this is an online, asynchronous class.  
• Syllabus and UCC form say quizzes and discussions will open “automatically” once certain aspects of the course are completed. Does this mean “automatically become available” or literally that the student will be expected to start the quiz
immediately following the completion of work? If the latter, that should be explicitly stated so students know to complete their work at a time they can also complete the quiz.

- Suggestion that instructor add info to the syllabus about whether grades will be rounded, e.g. if an 89.8 final grade will be rounded to a 90.
- Syllabus is little confusing with 14 scheduled topics but 15 weeks, and with the info repeated pp. 9-18. From the UCC form, it looks like the intent is for topic 1 to be 2 weeks, and the rest 1 week each. If that’s the case, please simplify and clarify on the syllabus.
- Confirm if this is an elective course.
- Is this course available for UF Online students only?

MUN 3323 Chorale - Course Title Update

https://secure.aa.ufl.edu/Approval/reports/18173

Comments: Summary: Request to modify the course title of MUN 3323 from “Women’s Chorale” to “Chorale.” The rationale is to remove gender identity from the course title: “In recent years, many schools have changed the names of their ensembles to remove gendered terminology. When determining an appropriate
ensemble assignment for a singer, their vocal range and technique are of far greater concern than their gender identity.”

• The request also applies to the course description: the current description is “Vocal training and public performances of standard female chorus repertoire,” and the new description would be: “Vocal training and public performance of varied treble chorus repertoire.”

Toby Comments: 3000 level course requires prereq (syllabus says there is none).

Should it be tardiness?

• Tardies and absences will be excused per the university attendance policy regulations. If you are tardy or absent and you believe that the tardy or absence should be excused, you must notify Dr. Cain via Canvas. When appropriate, students must provide proper documentation of their tardy or absence in order for it to be considered excused.

Needs attendance policy link.
Needs participation rubric since participation is part of grade.

Attendance Policy
Students are expected to complete all readings and assignments and to attend all class sessions, barring an emergency. What about other reasons excused per UF policy?
Attendance will be taken every lecture through a sign-in sheet, and more than three unexcused absences will negatively impact your grade. How?
Attendance/discussion section participation: 20%
Clarify how much grade is assigned to attendance and how is participation assessed?
Something like
Your participation in class discussions will be evaluated using this percentage scale for points towards your final grade for the semester.

1. 100 = Student often contributes thoughtful comments and insights based on class materials and has been a catalyst for other
student comments as well as instructor response; listens to the comments and insights of others with respect and attention.

2. **80 = Student regularly** contributes thoughtful comments and insights based on class materials, which results in student as well as instructor response; listens to the comments and insights of others with respect and attention.

3. **60 = Student sometimes** contributes comments and insights based on class materials, more often at instructor's prompting; generally polite but could be more engaged in class discussions.

4. **40 = Student seldom** contributes comments and insights of her/his own volition; comments not always relevant to materials or discussion at hand; needs to pay more attention to the contributions of the instructor and peers.

5. **0 = Student rarely** and reluctantly contributes to class discussions; comments minimal and/or disrespectful; often noticeably disinterested in instructor's and peers' contributions.

**MET 3753: Pragmatic Python for Weather - Remove Corequisite**

https://secure.aa.ufl.edu/Approval/reports/19619

Comments: OK with proposed co-req change (to eliminate listed coreq).
- **No A- on grading scale in syllabus. Grading scale goes from A to B+; is this consistent with UF policy?** Yes, this is my intention. I have left this item unchanged.
- **Disclaimer on syllabus re: changes to syllabus; what kind of changes does instructor anticipate?** Assessments and objectives should remain the same for the duration of the semester. No changes to the major components of the course are anticipated - course title, class location, class times, textbook, course description, course objectives, A-E grade distribution, and UF policies. What I am referring to is the course schedule that immediately precedes the disclaimer. No semester goes 100% according to plan. I changed “this syllabus” to “this weekly schedule.” I also changed the heading from “DISCLAIMER” to “Weekly Schedule Disclaimer.”
- **Up to the instructor but I’d suggest not putting in the syllabus that learning isn’t always joyous.**
- **Per syllabus – reading may be done before or shortly after class for a particular class period. This is somewhat confusing; is the reading after class referring to reading for an assessment?** This sentence means there will be readings, and you should do them as assigned. The assignments will be in Canvas and will tell you what you have to do. Some assignments prepare a student for a class. Some assignments reinforce or further advance the material discussed or activity performed in a prior class. Either type of assignment may involve a reading. For what it’s worth, I understand “assessment” as referring to a quiz, text, exam, report, or similar. I don’t understand why a reading after class has to refer to one.
of these. I have left this item unchanged. I realize this response reads more
snarky and pointed than I intend, and I will take suggestions for revisions.

- Syllabus textbook listing is confusing; p. 1 of the syllabus includes “textbooks
  that cover our material”, 1 by Severance and the other by Lin. PP. 3-4 says textbooks
  are not required for the course and lists 3 recommended textbooks, none of which
  are listed on p. 1. Please clarify in the syllabus what texts are required, what are
  recommended, and what will be available through Canvas at no cost vs. what
  students must purchase for the course. The textbook listing on page 3 was a
  copy-paste from another course and has been deleted.

- Suggest listing resources in the syllabus – e.g. Student Health, UPD, etc.

Comments: Removing undergraduate prerequisites from a graduate course as they are already part of the admission process to the major

Syllabus lists a final exam in the last week of class which is prohibited. The CAP 5108 Spring 2024 syllabus lists the final exam as Wednesday, May 1st 3 PM-5PM, which is the scheduled final exam time for TR 8 classes which is when CAP 5108 is held (https://registrar.ufl.edu/courses/final-exam). Thus the final exam is NOT during the last week of class, but during the final exam week.
