Through General Education courses, students gain fresh perspectives and discover new approaches to intellectual inquiry that promote understanding of both the traditional and the newly discovered. To achieve these outcomes, the General Education curriculum encompasses a breadth of knowledge in humanities; mathematics; biological, physical, and social and behavioral sciences; composition; diversity studies; and international studies.

Ultimately, competence in these areas enables students to better understand themselves, their neighbors, other cultures and times, and the principles governing the natural world and the universe; and to participate fully and responsibly as informed citizens in local, national, and global matters.

Language in SB 266 Possibly Impacting UF General Education Core Courses: Comments

The Florida BOG announced selected members of the faculty discipline committees on August 16, 2023. UF has at least 4 faculty selected as alternates.

The Florida BOG will focus on efforts in 2023-2024 on providing more detailed definitions and guidelines. Our understanding is that this portion of the legislation will not be effective until Fall 2024.

In Fall 2023, we will convene a Communications Subcommittee of the Gen Ed Committee (including external members) to develop SLOs and rubrics for public speaking and inclusion into our 11 Communication state core courses.

Existing regulation requires acceptance of gen ed core course requirements met upon transfer admission. We will send reminders to our colleges and departments in Fall 2023.

Lines 530-542: (3) The chair of the State Board of Education and the chair 531 of the Board of Governors, or their designees, shall jointly 532 appoint faculty committees to review and recommend to the 533 Articulation Coordinating Committee for approval by the State 534 Board of Education and the Board of Governors. Identify statewide 535 general education core course options for inclusion in the 536 statewide course numbering system established under s. 1007.24. 537 Faculty committees shall, by July 1, 2024, and by July 1 every 4 538 years thereafter, review and submit recommendations to the 539 Articulation Coordinating Committee and the commissioner for the 540 removal, alignment, realignment, or addition of general 541 education core courses that satisfy the requirements of this 542 subsection.

Lines 556-561: (3)(c) General education core courses may not distort significant historical events or include a curriculum that teaches identity politics, violates s. 1000.05, or is based on theories that systemic racism, sexism, oppression, and privilege are inherent in the institutions of the United States and were created to maintain social, political, and economic inequities.

Lines 562-582: (3)(d) Provides standards for each subject area. Most significant for UF: Communication courses must afford students the ability to communicate effectively, including the ability to write clearly and engage in public speaking. Question as to whether we include selections from the Western canon in Humanities offerings.

• Lines 593-607: 593 All public postsecondary educational institutions shall ... 595 accept these courses as meeting 596 general education core course requirements upon transfer, 597 regardless of whether the receiving institution offers the 598 identical general education core courses....

- Present the UF general education course requirements and list of approved courses to the UF Board of Trustees, if required.
- Submit approved courses with additional required information to the Florida State Course Numbering System.
